PRESIDENT WILSON REGAINS STRENGTH

Physicians Now Very Well Pleased With Condition Of Executive

Washington, Oct. 8.—Slow but continued progress over a period of five days has brought such an improvement in President Wilson's condition that his physicians announced today that he was stronger than at any time since he was taken ill two weeks ago tonight.

Encourged by the patient's progress, Rear Admiral Grayson, the president's personal physician, let him sit up in bed part of the day but insisted on keeping his attention as far as possible away from official business. Unless something urgently requiring attention should develop, it is the plan to continue his confinement to his room for the present and to insist that he take the opportunity for a real rest.

Mrs. Wilson, who has been in constant attendance on the president during his illness, went for an automobile ride today for the first time since he was confined to bed.

Messages of sympathy reached the White House today from the heads of four nations—President Poincare of France; King George of England, King Albert of Belgium, and the president of Colombia. Messages also came from the government of Armenia and Earl Curzon of England.

CARD OF THANKS

We take this method of expressing our heartfelt thanks to our many friends who administered to our needs when our daughter and sister, Mamie Gjedde, died. Also for the nice floral offerings. May God's blessings be on you all is the wish of

Mr. and Mrs. S. A. Gjedde and Children.

HEALTH SURVEY TO BE MADE HERE

Dr. R. L. Howell Under Directors Of State Health Board To Make Investigation.

Dr. R. L. Howell, representing the state board of health, whose home is in Austin, arrived in Cameron Tuesday and announced that he would return here today to take up the work of making an indexical health survey. Dr. Howell will be accompanied by a sanitary engineer of the state department in the work.

This work is being done by Dr. Goddard, state health officer, in a number of cities over Texas for the purpose of gaining information on health conditions as they have existed for the past three years. The sanitary condition of the town in general, as well as the condition of each individual home in the city will be investigated. Every child in the public school will be examined for defects. Dr. Howell stated that it would be necessary to visit every home in Cameron and he wanted the co-operation of all clubs and organizations in the city.

Dr. Howell requests the Herald to ask the co-operation of all the ladies when he visits the homes in the city, as the information he is seeking can better be given by them in the matter of late illness in the family ,etc.

The investigation is to be made for the purpose of bettering health conditions.

CENSUS BUREAU GETTING IN SHAPE

Staff and Equipment Being Prepared For the Nation's Great Count.

The advance guard of the Census Bureau in Washington has swooped down upon the quarters of the aircraft production section of the war department and dispossessed that branch of the army of about half of the temporary building it occupied during the war. It is the intention of the aircraft section to surrender the entire building to the census bureau within a few months.

The building, a full city block square in its dimensions, offers commodious quarters for the rapidly expanding clerical force of the fourteenth decennial census. It likewise offers excellent facilities for the installation and operation of the many ingenious machines to be used by the bureau of the census in tabulating the statistics which will be gathered by the census enumerators during the month of January, 1920.

More than 8000 packing boxes have already been provided for sending out copies of the census schedules and other supplies to the 85,000 enumerators in the field. This first shipment of schedules is already in progress and the boxes now being sent out will be returned to the census bureau as rapidly as possible, thus keeping them in canstant use.

Finally the supervisors and enumerators after the enumeration is completed will use the same boxes to return to the census bureau the schedules filled out with the items of information which they have recorded on the schedules in their canvass of the population, homes and farms of the United States.

The dimensions of these boxes being approximately 26x20x11 inches, a simple and obvious computation shows that each box will come back to Washington packed with more than three cubic feet of statistical data.

Many punching, sorting and tabulating machines are already set up in the new quarters of the bureau. Most of these machines are products of the mechanical laboratory of the census bureau and have been invented and manufactured solely for the purpose of performing the intricate and rapid work required in sorting and tabulating the millions of punched cards upon which the facts and figures of the entire nation will be transcribed from the information gathered by the field force .

DAVIS SPEAKS OUT ON COTTON PROBLEM

Fred W. Davis, commissioner of agriculture, Tuesday fave out the followiny statement:

"There is an interest in the cotton affairs of the world—the most important interest in connection with the industry—which has been neglected. The time has come when this important interest must be fostered or the great industry must eventually crumble. This interest is the production of raw cotton. The enslavement of people, the impoverishment of soil, the neglect of country development and the deprivation of an education and liberal comforts and pleasures, to say nothing of necessities, cannot mean permanent production.

Speaking of cotton, we must realize raw cotton is essential to the spinning, weaving and production of clothes for the world. We must also realize that the form is the manufacturing plant of the raw material, and like a spinning or weaving plant, the farm must be kept in good repair, intelligent management and help must conduct it or the plant must go down and become worthless. Again, like a spinning or weaving plant, intelligent, efficient management and help cannot be employed or attracted to it, nor needed repairs made, unless there is a profit in the business. It is useless folly to expect it. The production of cotton is entirely a commercial business now. Commercial principles must be applied to its production and sale, or the business must eventually go under.

"The southern states are capable of proddring 50,000,000 bales or more of cotton annually, but not under such conditions as have prevailed in the past. The farmers cannot be expected to strive for maximum production so long as large crops are liabilities on their hands.

"As a representative of the producers at the coming world cotton conference, beginning Monday at New Orleans, I shall endeavor to convince the spinners of cotton that the first business step is the cost of production ,and the next step should be based upon production cost, the next upon the first two, and on up to the end of its business journey. I shall next endeavor to show that investments, wages, and all things which sustain farmers have been advanced to a level, unheard of before, and raw cotton must be priced accordingly to these new conditions. This, I believe, is sound economics and conforms to the rules of simple justice.

"I trust all those representing the producers agree to these principles."

SAN GABRIEL NEWS

With the passing of today September gathers her month around her and makes exit into "the past." These are the busy days in farm life and shall continue so for weeks.

We are frequently reminded that we are favored with bountiful fields of cotton where neighboring counties are almost destitute of a cotton crop. The continuous moan of our village gin verifies this fact.

Ellison Ridge school threw open her doors to a large attendance of pupils last Monday, under tutorage of Misses Wells of Kosse and Thomas of Shilo. Miss Wells was principal of this school last year.

Rev. Darby and family of Goldthwaite spent Saturday night with Mrs. Edna Felton of this neighborhood.

Mrs. J. M. Jcelyn has been very ill the past week

Henry Yeager has now taken up his study in the State University.

Rev. Roberts of Cameron filled his appointment in San Gabriel Christian church Sunday and Sunday night.

Bill Clark has returned from the Navy to spend a while here with his mother.

Felton Camp spent last week in South Texas.

Messrs. E. M. and John Perry returned from a visit in North Texas Saturday.

Mr. Brock of Cameron was a visitor in this village Friday.

Dr. Roepke of Thorndale was in this vicinity Friday.

We are glad to report Mr. Walter Clark able to be up and around again.

In different vicinities friends have spoken of many kinds of birds of peculiar species and different from our inland birds, having been noticed soaring and hunting food in the fields. Opinions are that these are birds driven inland by the tropical storm.

Miss Maggie Davidson and brother of the Kolb community were weekend guests of their sister, Mrs. Bud Guthrie, last week.

San Gabriel school auditorium accommodated a large crowd in attendance at a cream supper Saturday night. We regret very much that most of the cream was so bad as we want to give value received for the money, but it could not be helped at that late hour. All seemed to enjoy the evening. $38 was reported as being the receipts of the supper.

The many friends, both young and old, of Elbert Felton, Jr., are happy to know that he is recovering from an operation for appendicitis at his home in this village last Thursday afternoon. Drs. Reschar of Cameron and Lee and Crockett of Thorndale performed the operation.

Mr. and Mrs. Parkhill of Llano and sister Mrs. Boss Camp of Thorndale attended the cream supper here Saturday night.

Mrs. Walter Felton and children returned Thursday from a visit to relatives in Houston.

Mrs. Annie Camp spent Friday in Taylor.

Seth Glasscock was a business visitor to Thorndale Saturday.

Mrs. McCoy and children of Thrall were guests last week of her sister, Mrs. Edgar Williams of this village.

Mrs. Whitefield was listed with the sick part of last week.

With the arrival of Mann Davis Sunday from overseas the reunion of our home soldier boys with homefolks is complete. Each boy has returned in good spirits and looking fine and well, with the vow to ever again, when needed, to rally to the support of the Stars and Stripes.

J. C. Moore is this week searching for cotton pickers in South Texas.

Clarence Baird makes quite an exciting picture of his experiences while on a visit to Corpus the week of the storm in that city. Water was so high that existence there for a few more hours became doubtful and a declaration of still higher water soon determined Clarence for some kind of a makeshift for protection, whereupon he threw himself into the turbid waters, having three large flooded rivers to swim over before reaching land. Clarence, as well as his San Gabriel friends, had knowledge of his proficiency in swimming and with destruction painted before him made it safely home.

Mrs. Jim Davis is on the sick list at present writing.

W. H. Camp and family, Bud Guthrie and family, John Woody, Fred Glasscock, Clarence and Will Baird, and little son, Hicks, Louis Reeves, Clarence Kirkman, Moore Thomas Harry Woody were in Thorndale Sunday afternon.

Edgar Williams returned Sunday night from Laredo.

Miss Ora Yeager left last Thursday for Thrall to take up her duties as teacher in the school of that little city.

San Gabriel school will begin next Monday, October 6th.

Misses Gladys Summerlin, Norine Cowen, iMss Barbee, Jack Cowen Paul Peebles of Thorndale attended the supper here, Saturday night.

Mr. and Mrs. Jacob Isaac of Bartlett attended church here Sunday night.

Mrs. Jesse Moore had as her guests for a six o'clock dinner Monday evening Messrs. Dick Dunham and her nephew, Mann Davis.

J. D. Griffith Mal Gilchrist, Homer Davis, Jr., and Floyd Goff were in Thorndale Sunday.

—o-o—

WITH THE EXCHANGES

Lots of folks think they can live just any old way, just so they evidence the very slightest interest in push and progress, the local newspaper will send them to heaven any way when they shuffle off this mortal coil. But it sure is hard on a newspaper editor in a little city, where he is acquainted with everyone to send some "gezook," to the happy hunting ground who hasn't darkened the door of a church in many a moon, who never pays his part for Home Missions or the support of the local pastor, and who don't even take the home weekly. —Hico News-Review.

Andrew Carnegie never ran for office or he might have died poor. This is suggested when we note so many men who having piled up a large amount of wealth seen to crown their life's dream of happiness by running for office. They often haven't any real qualification for the job. But their ambition leads them to make what often proves a fatal step—they go down in defeat. Poorer? Yes. But wiser.—McKinney Examiner-Review.

If you can't have everything you want, be satisfied with what you get. Happiness is not a condition but a state of mind, and the "happy habit" is one of the finest you can form.—Grapeland Messenger.

Still the fact that the king and queen of Belgium were served baked beans in golden pots does not popularize baked beans with several hundred thousand young Americans who ate them served on tin plates during a recent notable period in our history.—Temple Telegram.

Herbert Hoover is a financier as well as a public benefactor. He asked America (or the congress of America) to appropriate $100,000,000 to feed the starving of Europe. This was more than a year ago. Now he has handed over to the United States treasury department between $85,000,000 and $90,000,000 of this sum in obligations of foreign governments, together with an accounting for the expenditure for the balance within the act. This note accompanied the collatoral and the report: "I hope this will be an agreeable surprise. Most of congress thought that the money was gone forever, but voted for it anyway." Herbert Hoover should be the secretary of the treasury in the cabinet of the Democrat who will succeed Woodrow Wilson as president on the Fouth day of March, 1921. He is a financier as well as a humanitarian. —Fort Worth Record.

Don't try to argue with Benjamin Franklin. He said: "Beware of small expenses; a small leak will sink a great ship." Just buy another W. S. S.

CHEVROLET

For Economical Transportation.

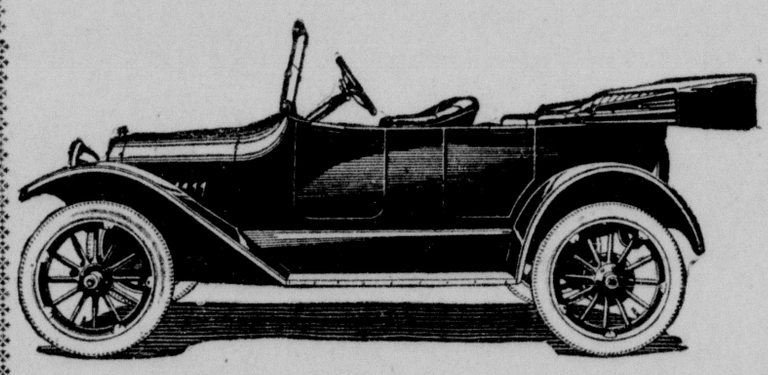

There has been but one building ideal in the manufactore of Chevrolet passenger automobiles. And that has been to build thoroughly and well—to build to last. This organization appreciates its responsibility to the man who has several hundred dollars to invest. He wants the amount he has to spend to bring him full value in return. He wants that value to last until he feels satisfied that it has rendered him service in proportion to the amount expended.

Come in and inspect the many Chevrolet models. See for yourself how and why such high manufacturing ideals insure future satisfaction to the purchaser of a Chevrolet automobile.

RESULTS OF POISONING COTTON FOR BOLL WEEVIL

In reporting to T. O. Walton, Director, Extension Service, A. and M. College of Texas, regarding results of poisoning cotton for boll weevils in Cameron county on a demonstration plot of six-tenths of an acre, T. C. Richardson, County Agent, says: "This test showed the following results: The poisoned plot of six-tenths of an acre yielded 700 pounds of seed cotton; the unpoisoned plot of the same size produced 218 pounds of seed cotton."

—o-o—

Six types of transmitting equipment in duplicate and practically all recent developments in radio telegraphy have been installed in France's great new wireless station at Lyons.

WINTER COMFORT FOR MIND AND BODY

Whittier's fireside scene in "Snowbound" gives us an ideal picture of winter Comfort. The things that made for comfort in that case were warmth, food and companionship. The good fire and the suitable clothing provided warmth, the wholesome food that the thrifty housewife served her family kept them well and in happy frame of mind.

In preparing for winter comfort, the housewife should can an abundance of fruit and vegetables, and see that there is a good winter garden planted. Nuts, late apples, popcorn, etc., should be carefully stored. The man of the home should have plenty of wood (that will burn) for the kitchen stove and the rest of the house. The housewife should have a fireless cooker. This lessens the amount of wood needed and gives her more time for recreation.

Before cold weather sets in, all broken window panes should be replaced, and if there are any cracks in the floor and walls they should be fliled. The floors should be stained to avoid scrubbing. Of course water and lights should be installed, if the family purse can afford them.

In the living room provide comfortable chairs, a good reading table, a lounge and good lamps if other lights are not available.

There should be a musical instrument of some kind; checkers, dominoes, rook cards, etc., for the long evenings. Last, but in no wise least, have a daily paper, a farm paper or two and other magazines and books. If the school does not have a good library, help get one. The teachers can tell you how, and they will be glad to help. Then there will be good books for you, your family and your friends.

KEEP AN EYE ON YOUR TIRES AND BATTERY

The tires that relieve your car from the shock of the road, and the storage battery that supplies current for lighting and starting are similar in sveral ways according to Mr. T. C. Whites, local Willard expert.

It's easy to see that there is a resemblance between the air held under pressure in the tire and the electricity held ready for service by the battery. In both the tire and battery you are depending on common but invisible forces.

Of all points of similarity between tire and battery, however, the strongest is that of care required. Your tires, for instance, may go on mile after mile without giving you a bit of trouble. Then on a little stretch of rough road there may be a "pop" and you're on a flat tire. The tire was a good tire up to the minute it blew, and could have been repaired at small cost; but for weeks, perhaps that spot have been wearing deeper into the casing.

The conditions are closely paralleled in the storage battery with electricity instead of air as the force to be held in check; and the insulation in place of the tire casing. When the battery is new the insulation is perfect just as new tire casings are free from flaws. As time goes on some slight weakness may develop. If you watch your battery these can be taken care of at very small cost and no serious trouble will come up.

No matter how perfect your tires or battery are it pays well to keep your eye on them and stop the little troubles before they develop int: big ones.

—o-o—

HOW SOLDIERS CAN GET THEIR UNIFORMS

Equipment to which discharged soldiers and sailors are entitled can now be obtained directly through their congressional representatives according to Rufus Hardy, Congressman from the Sixth District.

In a letter to this paper on this subject he says in part:

My attention has been called to the fact that every enlisted man in the American army was entitled to take with him upon discharge the following property: One overseas cap for enlisted men who have had overseas service or one hat and hat cord for all other enlisted men; one olive drab shirt, service coat and ornaments, one pair breeches, one pair of shoes, pair of leggings, barracks bag, waist belt, set of toilet articles, one slicker, one overcoat, one suit of underwear, four pairs of stockings, one pair of gloves, gas mask, (if issued overseas), three scarlet chevrons.

If he did not secure the above property on his discharge he is now entitled to receive it. To secure it he must certify to the facts.

Those who desire can make application direct to me at Washington, D. C. and I will take pleasure in forwarding the necessary blanks.

—o-o—

Algeria, which makes more than 1,000,000,000 packages of cigarettes annually, is gradually adopting American tobacco preparing and cigarette forming machinery.

Willard

TRADE MARK REGISTERED

Not Your Money But Your Good Will

We want the good will of every car owner in this town.

We want everyone to say what lots of folks say now—"Willard? That's where you get a square deal and value for every dollar."

We'd rather have your good will than an extra dollar or two on a repair job.

We'd rather sell you a battery that will give longer and better service than to make a living by repairing poor batteries.

Of course *good* repair work and *good* batteries cost more, but we believe they make friends and buy good will.

Let's get together.

Life

The simple lass.
The broken working man.
When life entered the door.
Only a gutter bum.
The woman who knew no shame.

By W. Alexander Imlay

She was only a simple girl from the country. She entered the big city in the hope of earning enough money to give her the clothing of the fashion plate ladies and movie queens. Perhaps she came with the intent of making herself useful in the world.

She got a job. It was work, if that constitutes a job? She slaved nine hours a day behind a counter or possibly she stacked matches in boxes—no matter she got the job.

And the salary, magnificent—$10 a week. The clerks in Perkins' store back home only got $6 but then she was ignorant as yet you see.

So she drifted along until one fine night she found herself hanging over the railing of the river bridge, pocketbook empty, hungry—contemplating a leap from the bridge—or worse.

Then there is the working man. He knows no trade for he grew up in untrammeled America where one is permitted to do as he pleases. An indulgent father had not insisted on him learning anything useful. His mother upheld him in idleness.

Possibly the father went broke. Possibly he never had anything. At least we find our hero at forty, discouraged, knowing no trade, on the bum.

A bad season strikes his section of the country. He has no money, no friends. Then we find him—where?

Riding the rods to a better land, in jail and out, a knight of the cinder trail.

The poor man comes one dreary night to a cold home. He is out of work. He knows no friends. His children are huddled around a stove in which the last embers are dying. A small girl of four weeps for food.

A mother in the next room—there are two rooms—lies in a bed of old blankets and ragged great coats. She is moaning in pain.

A little life is to come into the world before many hours have passed. There is no doctor, no provisions. There is no fire, no light.

In despair the man goes into the night stumbling against the cold wind seeking assistance in his trouble.

There is a gutter bum who has no knowledge of how loathsome he really is. Drunken, abused, kicked and cuffed he dodges all human beings.

Like a trounced dog he avoids people yet he must seek them. At last he decides that he is down and out. He goes down the street with longing in his heart. He longs to tell some one how he despises self.

He has reached the turning point. Will some one hold out a hand?

Ha! ha! he laughs. He knows the world.

Then there is the woman without shame. Christ had compassion on her kind but she has come to think that no one else had. Harpy like she plies her way about the streets of the great city.

Her cheeks are incarnidine. Her soul is as red as her painted lips. Her eyes are as full of guile as the misshapen mind.

Unloved, much caressed, hunted, a prey upon society she comes to the last step down, then she finds gold in her heart. Does anyone else find it?

So they run through the annals of life. But here is what happened.

The simple girl went to a clean boarding house and after a few years made good. She blossomed into a flower of pure womanhood.

The workingman went to working man's hotel. He was given shelter and clothing with food as the lowly Nazarene commanded. He learned a trade and became useful. He became a producer.

The poor man sent his wife to a maternity home where she received good care. His children were sent food, clothing and fuel.

The gutter bum was offered a chance at self rehabilitation. He made good. He quit drink, got a job and was useful.

The harpy was sent to a rescue home and became a woman. She who was old only in experience again learned the simple love of a child. She was saved for the world.

Each was saved through the Salvation Army and its organizations for men[illegible]

5,000 Helpless Orphans in South Are Asking the Privileges of a Home

Baptists Are Providing For That Many at Present in Fifteen Institutions But as Many More are Waiting For Admission---The 75 Million Campaign Plans to Meet That Need.

A Group of Boys and Girls in the Tennesese Baptist Orphans Home near Nashville who are being cared for and trained for useful lives.

Does your heart go out to the worthy boy and girl bereft by the Grim Reaper of father and mother, and left alone in the world without the fostering care of those to whom they are naturally most dear in the world?

Then you will undertsand why Southern Baptists have established orphanages in fifteen states, are caring for 5,000 such children in those homes and training them for useful lives in the world.

But the need is far greater than the ability of these institutions to meet it. While five thousand children are being cared for in these orphanages, there are on the waiting list of these institutions fully five thousand more equally worthy, fatherless and motherless boys and girls who want the privileges which these orphanages afford but which must be denied them for the present because there is no room with which to shelter more of them.

So when the Baptist 75 Million Campaign was launched for the enlargemen of the work of the denomination along general lines in an effort to meet growing spiritual needs in the homeland and throughout the world, the sum of $4,700,000 was apportioned to the orphanages, this sum to cover a program of five years, as the $75,000,000 sought in the campaign will be raised in cash and five-year pledges during Victory Week, November 30-December 7.

In the homes that have been provided for the orphans facilities are provided for giving regular schooling of the same character that is afforded in the public schools, beginning with the kindergarten and continuing to the tenth and eleventh grades in the high school. This work in the school room is supplemented however, with practical training along industrial and oher lines. For instance, the boys are given courses in practical farm work on farms which have been purchased and are operated by the homes, livestock production, carpentering, tin work, plumbing, laundrying, and the like, as well as courses in business for those who show special adaptation for that line of work.

The school room work for the girls is supplemented with the study of music, domestic science, stenography and the like. Large attention is given to the religious life of the children, also, and this is given emphasis in the daily chapel services, and in the Sunday School and preaching services on the Sabbath.

The orphan children respond readily to the opportunities and privileges afforded them and there have gone out from these institutions a number of the most useful men and women in the various states. While taking pride in the accomplishments of the boys and girls who are in the homes at present, as well as those who have gone out from there to make their own way in the world, the superintendent and teachers are saddened by the fact that there are so many other helpless children who ought to be aided but can not be by reason of the limitations of the homes.

Enlargements are necessary f[illegible]ll of the fifteen orphanages fostered by Southern Baptists which are located in the following states: Alabama, Arkansas, Florida, Georgia, Illinois, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia.

13 MILLION WHITE PEOPLE NOT SAVED

THIS IS ONE OF THE PRESSING STATE MISSION PROBLEMS IN THE SOUTHLAND.

THE SITUATION IS OUTLINED

Baptist 75 Million Campaign Has Apportioned $11,000,000 To Be Employed During the Next Five Years in Meeting Need.

Within the eighteen states comprising the territory of the Southern Baptist convention are 13,000,000 white people who are not only not identified with any church, but who do not claim to be christians, according to information gathered by the Baptist 75 Million Camapign. To try and reach these people with the gospel is one of the aims of the campaign and to meet the problem the state mission organization in the various states will set themselves. To help these organizations in meeting that problem the sum of $11,000,000 has been apportioned from the total of $75,000,000 that is sought for all purposes, and during the next five years the state mission forces will seek to reach these millions of people right here at home with the gospel and enlist them in some phase of christian work.

According to this same source of information, it is learned that there are 3,391 towns and villages in the South with a population of 200 or more in which there are no Baptist church organizations or no Baptist houses of worship. Inasmuch as these towns influence more or less the surrounding territory an effort will be made to reach them and the territory surrounding them during the five-year program of the Baptists, it is announced.

There are seventy-four county seats in the South without a single Baptist church or meeting house, it has been ascertained by the campaign headquarters. By reason of the large number of public officials residing there, and the large number of people who go there from every section of the county to attend the sessions of the various courts, pay their taxes and the like it is regarded that the county-seat towns are of especial importance and it is hoped that before the next five years have passed there will be an active Baptist church in every county-seat in the South.

Engaged in the work of state missions at present are 1524 missionaries, and while this may seem like a reasonable number, when the vast territory to be served is considered it has been found that fully 1,000 extra men and women are needed at once, for in addition to reaching the people who are not christians there are many weak, struggling churches which need assistance and whose members need development. In the several states of the Southern Baptist convention, for instance, there are 9,000 churches with a membership of many thousand which give but very little to any interest of the denomination and which are doing but very small things for the uplift of their communities.

In addition to these very weak churches, many of which have no pastor there are in the various states a total of 19,688 churches which have preaching services only once a month, 3,000 churches which have services only once a month, and only about 2,200 full time churches. Part of the $11,000,000 apportioned for state missions will go to the strengthening of the weak churches and the bringing of them to full-time pastorates where possible.

Leaders in the campaign have sought to care for every interest of the denomination in the $75,000,000 that is asked in cash and five-year pledges during Victory Week, November 30-December 7, when the final drive will be made, but they recognize that the future development of the church depends in a great measure upon the development of the churches at home which is the peculiar task of state missions.

RECEIVED A CAR LOAD OF OKLAHOMA MULES

FROM 2 TO 5 YEARS OLD

14-3 to 16 hands high and well matched. Will be sold at a small margin of profit because I have just opened a new Mule Barn in Cameron and want to get acquainted. I expect to remain in Cameron and guarantee every Mule to be as Represented, if not, your money will be refunded.

AUTHORIZE CAVALRY UNIT AT A. & M. COLLEGE

That a cavalry unit of the R. O. T. C. has been authorized by the war department was announced Tuesday by President Bizzell, of A. & M. College. The information that the A. & M. college had been approved for a cavalry unit was contained in a telegram from Adjutant General Harris.

Previous units that have been authorized and established at the college include infantry, field artillery and signal corps. The approval of the college's application for a cavalry unit will increase the military equipment at the college approximately $50,000. About 100 horses picked from the best that the army has will be sent here as soon as barns and sheds can be provided for their proper care. It is not known that any other college or university in the country has as many R. O. T. C. units as the A. &. M. college. This is taken to mean that the facilities of the college and its high standing as a military institution have been determining factors in securing this recognition.

DEATH OF MISS MAMIE GJEDDE

Miss Mamie Gjedde died at the home of her parents, Mr. and Mrs. S. G. Gjedde, early Tuesday morning, and was buried Tuesday afternoon at 5 o'clock. Funeral services were conducted at the home by Rev. Mr. Spradley. Miss Gjedde, who made her home with her sister, Mrs. Burns, in Chriesman, had been in ill health for some time and her death was not unexpected. She had been in Cameron only a week when the end came. She was a member of the Baptist church, and is survived by an aged father and mother, three sisters, Mrs. Burns, of Chriesman, Mrs. Horace Bergland of Cameron, Mrs. Ollie Clay of Dallas, and two brothers, Y. A. Gjedde of New Salem and Will Gjedde of River Side.

The Gjedde family have lived in Milam county for many years, and the sympathy of many friends is extended them in their bereavement.

Make $5.00 Extra Before Christmas!

Dozens of your neighbors have made this much and more, besides insuring their satisfaction and comfort all winter, and you can do the same, by ordering your winter supply of coal put in as soon as the coal arrives

We have four cars now on the way, of which about one-half is spoken for.

We want to give you the best service possible, but the coal situation is so uncertain we just cannot promise any coal when winter sets in, although, of course, we will do our best to take care of our trade, and will try to have coal in stock.

As winter advances the price of coal goes up, and we are unable to make a price now for later delivery, except on the coal we now have on the way.

Can you afford to wait?

County Superintendent's Office.

Examinations for teachers certificates was not well attended last Friday and Saturday, there being onlp four applicants, three of which were for State and one for county. Those who applied are as follows:

Miss Letha Howard, Mrs. H. E. Garner, Miss Caria Roark, and Miss Jennette Pardo. Mr. Roark, held examinations Friday and was assisted by Mr. Hughes Saturday.

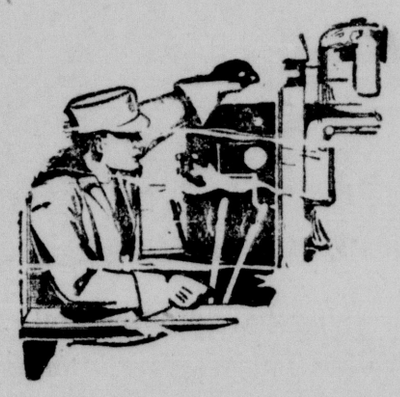

Miss Annie Webb Blanton has given notice that a "Special Examination" for teachers will be held 1st Friday and Saturday in November. This examination is called for the purpose of supplying the great demand for teachers in the State. At present there are about seven vacancies in the schools of Milam county.

County board of trustees held a very interesting session Wednesday of last week at which certain changes were made in school lines. The board has called another meeting to convene Wednesday afternoon of this week for the purpose of considering certain proposed changes in school district lines.

PHYSICAL CULTURE CLASS

Miss Hillman, director of the expression department, has organized a class in physical culture, in which the girls have taken a great amount of interest. The class contains forty-seven pupils, who are divided into two sections, and who rectie twice a week.

The aim of the course it to develop a strong, sound body, for a sound mind cannot exist without a sound body. In this course we study the psychological laws in bodily education, and learn the aesthetic value of each law. The course of exercises studied is the Emerson system, founded by C. W. Emerson of Mills, Mass.

This is a course of study which is a great help to one's health, for nothing is more beneficial than physical exercises to the human body. We learn to breathe, stand, walk and sit correctly, as well as to care for our body. This course teaches us to feel easy in our movements in public, and all the exercises tend to make the body graceful. We study the muscular senses, and their relation to our course, which is educating our bodies with reference to--(1) consciousness, (2) affection, (3) will, and (4) intelligence, all having natural means of expression. Physical culture is a study of the entire body and the relation of the parts to parts. We feel that this course will be of great benefit to the girls of the high school, and that no wiser step could be taken by them than to join this class.

NEW BRANCH OF INSTRUCTION

A very good plan has been adopted for the interest of the students in the high school. This plan is to have various people who have had experience in the business world to come before the student body in order to bring them helpful suggestions and ideas for meeting life properly. This is time well taken, and is in itself practically a branch of instruction.

Mr. McDonald of the Citizens National Bank made a splendid talk to the student body last Friday morning. The students enjoyed and appreciated it very much, and are all looking forward to other such talks.

THE SENIOR PHYSICS CLASS

On Tuesday evening, September 21st, the Senior Physics Class went on a very pleasurable and profitable trip to Batte's Gin, No. 2, for the purpose of seeing a Hydraulic Press in action so that we might more clearly understand what we are studying about physics.

After we had seen and asked all we could about the press, we retturned to Mr. Crawford's home at Mr. Kemp's, and there on the lawn we had a delicious lunch prepared by the girls. After this, ice cream which was furnished by the boys, was served.

All had a very pleasant evening, and we hope to have many such trips during our course this year in physics.

PERSONAL MENTION

The following students attended the Ringling-Barnum Bailey Circus at Temple on Thursday of last week: Leland Denson, Misses Loiuse Denson, Juanita Caldwell, Ruth Cammer, Mary McCown, Mildred Chambers, Katy Cone, Ollie Clinton, Elizabeth Gray; Messrs. Leon Collins, Lee Howell.

Miss Bass of the English department and Miss Maurine Messimer spent the week-end with friends in Yoakum.

WEEKLY EXPLOSIVES

Furthermore, we wish to state that our foot ball team has "some rep." Rockdale got scared and wouldn't come over to oppose us.

* * * *

Some one has said that water is the best of all beverages. What if the water isn't pure?

* * * *

It is our idea that if Seniors are Seniors, Juniors are Juniors, Sophmores are Sophs, and Freshmen are Fish, the last are most valuable from the housekeepers point of view.

* * * *

Mrs. Soloman says that the Cam-Hi has some very unusual features. It is rather unusual for chickens to be fed by fish.

* * * *

The Cam-Hi's most recent proposal was from a Junior. She did not accept, because he does not favor the publication of the Annual.

THE GIRLS' CLUB

Last Tuesday afternoon the Senior and Junior girls met, and under the supervision of Misses Bass and Cain organized the "Girls' Club."

This club has many aims in view, which, with the co-operation of every member, it is felt will prove worthy. The first aim is fourfold. There are four phases to a girl's life—spiritual, Intellectual, social and physical. Each of these phases will be developed to the highest extent possible in the club. The second aim is to know fellow-students. Many people have gone through school knowing nothing more about their school mates other than the mere names. Every member of the club will be put on the same social standing. Heretofore only a few have held social advantages, with the majority "left out." Nothing of this kind is going to be had in the Girl's Club. Every member will take part, and in this manner, success is sought. The Girls' Club hopes to render valuable assistance to the school and community in various ways, for instance, it is going to help secure library books.

The following officers were elected: President, Katy Cone; Vice-president, Agnes Henderson; Secretary, Marie Plate; Treasurer, Agnes Chambers; Chairman of Program Committee, Mildred Chambers; Chairman of Social Committee, Juanita Caldwell; Chaiman of Poster Committee, Oma Weems; Chairman of Publicity Committee, Jewell Osborne; Critic, Velda Walker; Supervisor, Earl Bragg.

This cabinet met Wednesday afternoon with full attendance. Many important matters were discussed, after which the meeting adjourned until next Tuesday afternon.

ATHLETIC CLUB ORGANIZES

Last Thursday afternoon a meeting of all the high school boys was held. Mr Kidd, acting as chairman, explained the need of the club, and also said that Cam-Hi should be a member of the Inter-Scholastic League. After giving several good points along this line, he asked for an election of officers. They boys acted at once, and elected Leland Denson president and Willie Parma, secretary and treasurer. Mr. Crawford was asked by the president to explain more fully the Inter-scholastic League, and he did this very gladly.

Mr. Cameron, our football coach, made several important remarks. Then, after a thorough discussion of the matter, the boys united with the league by a unanimous vote.

FOOTBALL

The football men of Cam-Hi were very much upset when Rockdale phoned that they could not fill their appointment with us on last Friday. Some of the boys say that Rockdale is yellow, but we could hardly say that. (?) They had but two good players, and they were ill, so naturally they counld not expect the victory over Cam-Hi eleven. The Cam-Hi eleven will meet the Caldwell eleven at Caldwell Friday Oct. 10, and expect to capture the first game of the season.

OUR CITY WATER

In the Eighth Grade Science Class of Cameron High School, we have taken up the subject of water. In our studying we have learned how water can be easily purified by the means of a filtering plant. We have learned that unless it is purified, that it can contain many germs that are dangerous to human lives.

We discussed in class the question of the city water we drink, whether or not it was pure and germless. We all know that it has a very unpleasant taste, and could easily contain thousands of germs of numerous kinds that might cause much sickness over the city, and maybe the death of many people.

Other cities and towns surrounding Cameron have fine water, and is very much better than Cameron's, then why can't we have it? We could have it if the city would build a filtering plant, which would make the water have a pleasanter taste, and prevent any sickness that might be caused by drinking water. A FISH.

Dutch Baskin—Miss Read, how old are you?

Miss R.—Why?

D. B.—Because our class read in Franklin's Autobiography where he courted a Miss Read, and I was just wondering if it was you.

Miss Williams has traced her ancestry back several hundred years. She had better not tell us how she did it, because we might be able to trace ours back to monkeys.

Fresh to Senior: Where did you get that hair cut?

Senior: On my head.

Terry—Gaston, what makes your hair so red?

Gaston—Oh, I was trying to get mother's preserves and a bottle of peroxide turned over on my head.

In 10A English, Miss Bass was referring to a certain girl by describing her in this way: She has black hair, dark brown eyes and very seldom uses paint.

Eugene Matula—Gee, that must be Maurine Messemer.

Our job department is complete.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c.

Cameron, Texas

Life

Where humanity weaves
"Git you bum"
Light and welcome
A subtle transformation
Where home fires burn,
Looking into the future
In glory's fires.
The instrument.

By W. Alexander Imlay

Weaving eternal figure eights through the streets of a great city in the southwest a Saturday evening crowd shifted in a human phantasmagora under brilliant arc lights. It was early winter. In the fashionable district well clad men wore new overcoats and silken mufflers. In the lower end of the city men pulled thin summer coats tightly about their necks.

Women beating their way along the thoroughfares felt the chilling wind on sleazy silk clad ankles. Children of the slums hopped swiftly along, homeward bound from errands seeking the warmth of tenements, for their chilled bare feet.

A gutter rat stood in the doorway of a cheap restaurant. The odor of frying onions and steak tantalized his nostrils. It was for the warm air that came through the open door that he tarried.

"Git, you bum," he heard. A second later the toe of a tall man's boot had forced him into the street.

"No one wants a down and outer," the sniffling thing moaned as he slunk away.

Women of the street passed him with a leer. A "down and outer" was the last thing on earth they sought. What they wanted was money for food and warm quarters. The "rat" could supply neither.

A swinging light in the street ahead drew his attention. Upon coming close to it he spelled out "W-E-L-C-O-M-E."

"Ha! Ha!" he laughed cynically, but he entered.

Next morning the "rat" was no longer a rat. He had been fed and clothed. He had been bathed and given a bed. Hope burned high in his heart.

Through the offices of his new friends he was given work. It is useless to follow him for, of course, as in all articles of this kind, the "rat" made good.

Beaten and cuffed; scorned and unwanted he had at last come to his own.

Five years later we find the "rat" without a semblance of the thing of the gutter which had been clinging about him.

In a pleasant room, with a flower in the window, we find him reading the daily paper. A woman speaking in soft tones is lulling a child to rest.

Outside the wind howls. A cow bawls in the stable at the rear of the lot on which the cozy home is built.

The one time down and outer is moving up. He has a wife and child. He owns a home. He has a cow.

"We must make some steps to issue our child the surroundings of Christianity," the wife tells the one time thing of the gutter, after the child is sound asleep in its crib.

"Well, what shall we do about it?" he replies.

The woman places her cheek next to his and whispers. The honest citizen is at peace. He nods his head in acquiescence.

Sunday comes with bright sparkling morning light. The honest citizen and his wife dress in their best and start for church.

It is a church of brick and stone. Glazed windows break early morning light into thousands of prysmatic crystals.

The minister takes his text—

"Even as you do unto others."

His sonorous voice rings out in full periods. The one time child of the slums in entranced.

A great organ peels its message of life and love—

The honest citizen and his wife walk forward.

They join the church.

No one knows he has been a thing of the streets and the cinderpath. That has been forgotten. But—

Many are brought to American churches each year who took their first upward step with the Salvation Army backing their effort.

House Indorses S. A. Campaign.

"Those of us who have been fortunate enough to see something of the work of the Salvation Army with the American troops have been made proud by the devotion and self-sacrifice of the workers connected with your organization. I congratulate you and through you your associates and I wish you the best of fortune in the continuance of your splendid work."
—E. M. House.

In the last year Salvation Army workers visited in prisons of America 10,824 hours. 43,345 men in cells were given personal advice and prayer was said with them. Attendance at prison meetings totalled 365,760 men and women.

WHEN BULL MEETS FORD

After Encounter Ford Rolls Over and Keeps Right On Going.

Just why a particular bull grazing on a hill in Santa Anna Canyon one day recently should entertain so sincere a dislike for a black Ford touring car is a mystery. He may have had gastritis or a bad liver, or he may have disliked all automobiles or all Fords.

Any way when the Harris family of San Pedro drove their Ford around the base of that side hill, Friend Bull snorted, slapped his tail at a fly, missed it, saw red, and for want of something better to do, decided to engage the Ford in combat. There was not much of a fight. After the Bull had turned the Ford upside down in the road, he was much better satisfied with himself and strolled into the shade of a nearby tree to view his handiwork.

The members of the Harris family had not been hurt seriously, so they mobilized forces rolled the Ford over onto its wheels, cranked it—and continued their journey.

FOR THE UPBUILDING OF CAMERON AND MILAM COUNTY.

VOLUME 42 — CAMERON, MILAM COUNTY, TEXAS, THURSDAY, OCTOBER 9, 1919. — NUMBER 23.

COMMERCIAL CLUB HAS BIG PLANS

Road Information Bureau Established—Club is Behind the Public School.

The regular directors meeting of the Cameron Commercial Club was held Friday night October 3, 1919. A roll call showed the following present:

Officers: Robt. McLane, president; W. W. Chambers, vice-president; L T. Lewis, treasurer; T. N. Herring, secretary.

Directors: John E. Mangum, J. W. Coleman, Geo. T. Graves, R. H. McIntosh, H. M. Hefley, T. S. Henderson, W. G. Gillis, J. D. Dobbins, Monta Thomas, F. S. Lesovsky, C. W. Lawrence, J. T. Parma.

The first matter to have attention by the new Board of riDecotrs by the new Board of Directors was the election of a secretary. W. G. Gillis placed in nomination the present secretary, T. N. Herring, and upon motion was re-elected by acclamation.

President McLane announced that he had appointed the standing committees for the ensuing six months and the following report was read by the secretary:

Finance:

T. F. Hardy, Chairman; A. N. Green and E. A. Flinn.

Transportation:

J. Garrison, Chairman; C. A. Sprott, and E. A. McAdams.

Civic Improvement:

J. D. Hefley, Sr., Chairman; Giles Avriett and J. W. Caleman.

Good Roads:

Giles Avriett, Chairman; Geo. T. Graves, J. D. Dobbins, and J. W. Coleman.

Publicity:

S. A. Cottle, Chairman; W. G. Gillis and T. N. Herring.

Membership and Entertainment:

Dr. Jim Watson, Chairman; R. H. McIntosh and W. G. Gillis.

Home Industry and Factory:

U. S. Hearrell, Chairman, Frank Lesovsky and R. A. Triggs.

It was thought advisable by the president to eliminate three committees from the list for the ensuing six months, as follows:

Free Delivery and Rural Route.

Agriculture and Immigration.

Convention and Accommodation.

The reason for this elimination is that matters coming under these heads are so few that other committees can handle same.

Upon motion of W .W. Chambers the report was adopted as read.

J .T. Parma brought up under the head of new business the matter of establishing in Cameron a road bureau. The plan to work in this manner: The bureau keep posted on the conditions of all roads leading out of Cameron to various parts of the State and when a tourist comes into Cameron be in position to tell him the condition of the roads and the best route to take to his destination. The bureau will also ascertain the condition of roads traversed by the party inuiring so as to be able to inform other tourists that are going in opposite directions.

This matter was discussed by a number of the directors and met with favor. W. G. Gillis carried a motion that a committee consisting of four be appointed by the president, consisting of garage men, to form this bureau and get organized as quickly as possible. The appointment by the president consisted of J. T. Parma, chairman; F. S. Lesovsky, H. M. Hefley and Perry Wilkerson.

The secretary proposed the names of Joe N. Luce and the Louis S. Pierce Dry Goods Company for membership and upon motion they were duly elected.

Prof. L. H. Kidd addressed the Club upon the needs of play equipment for the Cameron Public Schools. He gave an outline of what was necessary to keep the children healthy by playing and related that there were no funds available for the purchase of these articles which includes base ball, bats, tennis balls and nets, foot balls and the like; the amount being necessary for this equipment in the run of the year totaling around $25[illegible] Prof. Kidd also brought the matter of Jerseys and stockings for the High School foot ball team before the Club. He stated that those now available for use were four years old, had been handed down from term to term and that Cameron should be ashamed to send their foot ball team to neighboring towns in worn out uniforms. Prof. Kidd here related that he was not asking the Club to finance both of these necessities and said if they would guarantee the purchase of the sweaters and stockings, which would amount to about $125, he would arrange for the other funds.

This met hearty approval of the directors and a motion was carried by W. W. Chambers that the Club go on record as favoring the new equipment for the boys and authorizing Supt. Kidd to proceed and order same for the team.

Communications were read by the secretary including a letter from Popken and Splettstoeber, a cotton firm of Bremen, Gemany, to the Commercial Club urging that the Club draw the attention of local cotton firms to the fact that as hostilities had ceased they were prepared to resume trade relations and were prepared to take up shipments to that port. They advised they had the best connections to their local Cotton Importers and Continental Spinners.

The action in this matter was to instruct the secretary to turn the letter over to local cotton men.

S. A. Cottle who was recently returned to Cameron was in attendance and in response to a call for a speech said he was glad to get back to Cameron, that he was certainly proud to see the Commercial Club doing such good work and that he was ready to "get in line" and do his part.

NO GRENADE BANKS TO BE AWARDED

Publicity Chairman Receives Statement From Federal District Director Smith.

Relative to the contemplated distribution of Hand Grenades converted into Savings Banks, the following communication, received Wednesday by the County Publicity Chairman of the War Savings Division of Milam County from Frank M. Smith, Federal District Director of Dallas:

"The Secretary of War has cancelled contracts for the sale of Hand Grenades to the Treasury and has requested non-distribution of Grenade Banks. As the War Department has determined that the distribution of Hand Grenades as souvenirs shall not be made and has cancelled its arrangements for supplying Grenades to the Treasury Department to be manufactured into Grenade Savings Banks, the Treasury is unable to distribute the banks. In order, however, to recognize the efforts of persons in working and saving, each one who would have been entitled to a bank will receive a certificate of achievement from the Treasury in appreciation of his industry in saving and buying Government Securities."

"The receipt of this means that the Savings Division will not be allowed to supply Hand Grenade Savings Banks to the thousands of banks and merchants in the Eleventh Federal Reserve District, which ordered them for distribution as rewards to the children and adults saving and investing their money in United States Government War Savings Stamps and Registered Treasury Savings Certificates," Mr. Smith said.

"I am very keenly disappointed, as will be the bankers of the State and many thousands of persons who desire to become the possessors of one of these rare and unique war souvenirs," he said.

Certificates of Achievement, signed by the Secretary himself, will be forwarded to those who would have been entitled to receive a Hand Grenade Savings Bank.

—o-o—

Mr. and Mrs. W. F. Paden, recently of Corpus Christi, have decided to locate in Dallas. Mr. Paden will be with the Magnolia Petroleum Co., and left Cunday to begin work at once. Mrs. Paden will visit awhile with relatives in Cameron and join him later.

STATE'S SERVANTS ARE UNDERPAID

Houston Post Warns That Time Will Come When Government Will Be Demoralized.

The State's Poorly Paid Officials.

(Houston Post)

The resignation of Comptroller H. B. Terrell was dua to a very impelling cause. The salary of $2500 per annum was not sufficient to enable him to pay his living expenses.

Nearly all the State's public servants are underpaid, and this without regard to the present high cost of living .

Public salaries in Texas are inadequate upon any basis of fair computation, even when the cost of living was half or fourth of the present scale and when that half or fourth meant abundance, whereas now abundance is unknown.

It is not a very promising outlook for men who seek public honors in Texas. Where the people themselves must pass upon proposed increases through constitutional amendments, they consider the heavy taxes and say no, regardless of the necessities of the public service or the poor quality of talent that underpayment must ultimately attract.

It is customary, of ocurse, for us to urge that wages and salary increases at this time mean merely but a further addition to the already mounting cost of living, and this is true. But the application of this contention is rather to classes or labor that have been increased from 50 to 200 per cent, rather than to public compensations that have never been increased or if increased, not sufficient approximately to overcome the privations which vaulting war prices have enforced.

In private employment, a man occupying a station of Mr. Terrell's responsibility and requiring his measure of ability would be considered underpaid at $10,000 a year. Yet he has devoted twenty of the best years of his life to the public and now leaves it well in middle life to face a serious breadwinning problem.

He is not exceptional. Those who have occupied the high station of governor of Texas have been sufferers from similar stinginess. But for his independent resources, the present governor of Texas would be seriously embarassed. His salary scarcely pays the help which a proper care of the alleged mansion compels him to employ, much less living expenses.

Some of his predecessor—Hubbard, Roberts, Ireland, Ross, Hogg, Sayers and Colquitt left office almost penniless, and in days when living expenses were scarcely a fourth of what they are today. Culberson, Lanham and Campbell got through, but the competency with which each entered the State's service was materially reduced before retirement. And they were not extravagant livers, either.

The miserly treatment of the trusted public servants of the State is not creditable to the people of Texas, and unless there is a change, the time will come when it will be a badly demoralized and inefficient government that the people will have, for men are not willing to starve for the paltry honor of serving a State that does not appreciate their services enough to pay them a living salary.

E. L. Roberts of Rosebud was a business visitor in Cameron Tuesday.

CORN CLUB BOYS OFF TO THE FAIR

County Agent Geo. Banzaf and Six Prize-Winners In Corn Show Left Monday.

Those boys in Milam county, who were not members of the corn club this year will doubtless be next year, when they know what the winners were awarded this time. It is mighty nice to get a week's trip to the State Fair of Texas and be in an encampment with several hundred boys from over the State without it costing you a cent, don't you think? Well, this is the reward to six of the members of the Milam county corn club this year and they, in company with Mr. Banzaf, left Monday on the Sap for the biggest encampment of boys ever held in Texas and the only expense is their railroad fare, they will spend the entire week in their encampment and have plenty of time to see the biggest fair that has ever been known in Texas.

The boys who went with the county agent are Welden Caldwell, Carl Sanders, Noble Curry, Wallace Moody, Jr., and Scott McGuire. When this party left Cameron Monday morning there never was a happier set of youngsters together.

Record of Yield.

The Herald gives below the yield per acre as reported by some of the members of the Milam county Boys' Corn Club this year:

Weldon, Black, Cameron, Route 2, 50 bushels.

Carl Gaugh, Buckholts, 65 bushels.

Paulie Helencamp, Buckholts, 50 bushels.

LaBertice Robinson, Cameron, Rt. 4, 45 bushels.

George Ryan, Rockdale, Route 4, 44 bushels.

George Penny, Camerpn, 65 bushels

Walter Hess, Milano, Route 1, 25 bushels.

Curtice Fisher, Milano, Route 1, 40 bushels.

William Hess, Milano, Route 1, 30 bushels.

Aleck Black, Gause, Route 2, 40 bushels.

Joe Kostrum, Cameron, Route 3, 50 bushels.

Welden Caldwell, Rockdale, Route 3, 60 bushels.

Allen Dodson, Burlington, 55½ bushels.

Henry Schwarting, Rosebud, Route 3, 54 bushels.

Frank Bayer, Rockdale, Route 3, 45 bushels.

Elbert Henry, Minerva, 46 bushels.

Orbie Currey, Rockdale, Route 3, 65 bushels.

Ottis Currey, Rockdale, Route 3, 65 bushels.

Joe Henry, Minerva, 60 bushels.

Norman Currey, Rockdale, Route 3, 65 bushels.

Luther Pickens, Rockdale, Route 3, 40 bushels.

O. J. Cunningham, Rockdale, Route 3, 50 bushels.

Frank Story, Cameron, 37 bushels.

Ray W. White, Gause, 35 bushels.

Will Harris, Cameron, 45 bushels.

Walter Harris, Cameron, 45 bushels

Preston Johnson, Cameron, Route 2 30 bushels.

Eugene Barmore, Cameron, Route 2, 40 bushels.

Jennings Arnold, Buckholts, 45 bushels.

Frank Richards, Buckholts, 50 bushels.

T. J. Howard, Cameron, Route 3, 50 bushels.

Scott McGuire, Maysfield, 55 bushels.

Lewis Hollan, Cameron, 60 bushels.

Charlie Hollan, Cameron, 55 bushels.

Curtis Britton, Rockdale, Route 4, 40 bushels.

H .B. Alexander, Milano, Route 1, 83 bushels.

Jack Wilson, San Gabriel, 46 bushels.

Average yield per acre, 48 3-4 bushels.

J. D Shires of Houston was greeting friends in Cameron Tuesday.

DR. THOMAS POPE CLAIMED BY DEATH

Pioneer Citizen Who Lived Life To Be Exemplified Dies at the Age of 72.

A pall of gloom was cast over the entire city last Monday morning when it was learned that Dr. Thomas A. Pope had passed away at his home Sunday night at 11:30 o'clock.

Dr. Pope came to Milam county in 1872, having lived in Cameron since 1885 and has a large circle of friends who are grieved over his passing.

He had reached the age of 72, a little more than man's allotted time on earth, and for several months has calmly awaited his summons. His entire family were with him at the last and their tender ministry was beautiful to behold.

Dr. Pope was a devoted husband, a kind and affectionate father and a friend to man.

One of the most touching incidents connected with his last illness was the frequent visits from his former patients who held him in loving remembrance because of his faithfulness to them in their hour of extremity.

Kindness and consideration for others characterized his life. Perhaps the last letter he ever wrote was written a few weeks before his death in behalf of a friend in need.

Thomas A. Pope was born in Macoupin county, Illinois, June 26, 1847. Most of his early life was spent in the school room as it was his father's supreme desire to educate his children. In the winter of 1862 he enlisted in the 46th Indiana Volunteer Infantry and served until the regiment was mustered out in September, 1865. After the close of the war, he spent two years in Madison University, New York. Passing from this institution, he taught school in Western Iowa until 1870, when he moved to Texas. In 1872 he was appointed Superintendent of Schools for Milam and Burleson counties and organized first free schools in these counties. In 1887, he graduated with honors from Louisville Medical College and later studied in St. Louis, Chicago, New York and London, England. In 1885 he located permanently in Cameron and began the practice of medicine.

That he was greatly trusted and his skill recognized was attested by the large practice which he enjoyed and held until compelled by ill health to give up active work.

Dr. Pope contributed many valuable papers to the medical journals and several of his suggestions have been incorporated into text books of medicine and thus are a permanent part of medical literature. He was, during his active years president of the Milam County Medical Association, the Brazos Valley Medical Association; was company surgeon for the Gulf, Colorado & Santa Fe railway, and the S. A. & A. P. railway and president of the State Association of Railway Surgeons. While not a politician, he had large influence with the voters of his country and in 1892 was a delegate to the National Republican Convention at Minneapolis. He was appointed Postmaster of Cameron by President McKinley and again by President Wm. P. Taft.

On Feb. 18, 1874 he was married to Miss Martha A. McCown, daughter of J. W. McCown, Jr., of Milam county. During their forty-five years of married life, she has been his devoted and faithful companion and helpmeet and a tower of strength on whom he leaned in his declining months.

Besides his wife, Dr. Pope leaves four children—Miss Susan Pope, Armine Pope of Cameron; Tull A. Pope Houston; Mrs. Alvah E. Pool of Big Springs; five grand children and two brothers, one of whom was at his bedside when the end came. As an evidence of love and a fine spirit of comradship which existed between him and his children, the following little poster, which has been hanging over the mantle in his library for several years, bears testimony:

To My Father

My dear old dad, I am so glad
That you and I are friends,
That us both like the same kind of joke
And take what the other sends,
And that one of us will make no fuss
About what the other spends.

The Funeral Service.

The funeral services were held at the family residence Tuesday morning at 10 o'clock, conducted by Rev. R. E. Roberts, pastor of the Christian church. A large number of friends gathered to pay tribute to his memory, and many beautiful floral offerings were laid before the casket. Interment was made in Oak Hill Cemetery on a lot which he had selected himself more than a year ago.

GUARD AGAINST THE INFLUENZA

State Health Officer Goddard Preparing to Combat Return of Epidemic.

The Herald is in receipt of the following letter from State Health Officer C. W. Goddard which indicates that health authorities fear a recurrence of influenza this winter. While the communication is directed particularly to physicians, it is well for the public to take note of the warning and preparations being made to combat the disease. Dr. Goddard's letter follows:

"In order that every possible contingency may be provided for in the event of a recurrence of influenza in epidemic form, I am now calling upon the medical profession for 100 volunteer physicians who are willing, in case the necessity arises, to serve as acting assistant surgeons of the United States Public Health Service, cooperating with the State Board of Health, at a salary of $200 per month, $4.00 per diam for subsistence, together with railroad fare.

It is the desire of the United States Public Health Service and the State Board of Health to enlist 100 physicians who are willing to go to any designated point in the State and do relief work during a possible epidemi relief work during a possible epidemic of influenza and without any charges for their services other than that above indicated.

Physicians desiring to enlist in this volunteer corps may do so by filing their applications in writing with me. All applications received will be duly recorded and given careful consideration in the order in which they are received."

Very truly yours,
C. W. GODDARD, M. D.
State Health Officer.

CHEVROLET DELIVERIES

The Chevrolet Motor Company report the following recent deliveries: E. L. Tucker, H. V. Harlan, Ernst Brod, Bob Viley, J. M. Ralston, Sam Law Joe Middleton, Frank Pasival and Henry Duesek. The Chevrolet is a very popular car and is selling well in Milam county. This concern has some live representatives in W. B. Skelton and Bob Daugherty, as well as a good manager in E. A. Flinn, all of whom are wide awake to their interests.

—o-o—

LITTLE DEWEY CONE

The grim reaper has been in our midst this week and has gathered a heavy toll for his garner ,plucking alike the tender flower and the ripened grain.

Little Dewey Cone, age 2 years and five months, son of Mrs. Zelma Stedman Cone and grandson of Mr. and Mrs. J. D. Cone, died after a brief illness at the family home Sunday morning at 9 o'clock and was buried Monday morning in the Oak Hill cemetery by the side of his father, whose name he bore and who was one of the first victims of the intluenza epidemic last winter. His death occurring in Oklahoma. The sympathy of the entire community goes out to the bereaved young mother and the deveted grandparents.

J. S. Roberts of Crockett has arrived in Cameron and accepted a position as day clerk at the Auditorium Hotel. Mr. Roberts is an affable, pleasant gentleman, and will doubtless make lots of friends, not only with the traveling public, but with the citizens of Cameron.

SERVICE

AN OLD WORD WITH A NEW MEANING

Modern, Up-to-Date Store Service means more than simply the selling of goods; it stands for increased Efficiency; it is the Acme of Value-Giving and assures Satisfaction with every purchase.

SERVICE—in its fullest meaning—is a fixed part of our store covenant.

MILAM COUNTY HARDWARE CO.

ALVIN YORK—MAN OF MIGHT.

The story of this mountain boy from Tennesseee has been told thruout the civilized world. In the Argonne Forest on October 8, 1918, using a rifle in his left hand and his repeating revolver in his right hand he killed twenty-five Germans, captured 132, including one major and three lieutenants, and silenced thirty-five machine guns, thus breaking up an entire enemy battalion which was preparing an attack on the Americans on Hill 233.

Alvin York is in civilization's limelight and well deserves to be. Every lover of liberty loves him for his magnificent courage and splendid achievement, but thousands of Alvin York's brothers and sisters are not in the limelight; they are hidden in coves and fastnesses of the mighty Southern Appalachian mountains. Some one says: "A nation within a nation—hidden and forgotten for one hundred years."

—o-o—

Silhouette motion pictures have been patented by an inventor who produces them by photographing actors dressed in black moving before a stage screen highly illuminated from the rear.

A CREED.

Let me be a little kinder,
Let me be a little blinder
To the faults of those about me,
Let me praise a little more;
Let me be, when weary,
Just a little bit more cheery,
Let me serve a little better,
Those I am striving for.

Let me be a little braver,
When temptations bid me waver,
Let me strive a little harder
To be all that I should be;
Let me be a little meeker
Let me think more of my neighbor
With the brother that is weaker,
And a little less of me.

Let me be a little sweeter,
Make my life a bit completer,
By doing what I should do
Every minute of the day;
Let me toil, without complaining,
Not a humble task disdaining,
Let me face the summons calmly
When death beckons me away.

AMERICAN LEGION NEWS
From American Legion Weekly

Another thing the war brought to the German army was a large number of desertions. Figures published in Germany shows that 100,000 officers and men fled from service.

The champion doughnut eater of the American Expeditionary Force, William J. Long, of Providence, Rhode Island, is back from France with the Croix de Cruller, the decoration which the other members of the Third Division presented to him when he shattered all records for doughnut consumption. Veracious witnesses of the feat declare that on last July 4th Long ate two hundred and forty-nine doughnuts in twenty-four hours.

William Hohenzollern finds it difficult to break old habits; he still deems it necessary to travel in considerable state. His baggage, which is being transported from Germany to Holland, fills five railroad cars.

The Old Army War College is extinct. In its place has risen the new General Staff College, with Major-General James W. McAndrew as first president.

Be patient if you do not get your back pay for a few years. William H. Sands, of Van Wert, Ohio, fought through the Civil War in the Ohio Heavy Artillery and was discharged with seven dollars owing him. He got it—in 1908, forty-three years after he left the army.

There is a bill now being considered by the House that would permit honorably discharged soldiers to purchase supplies from the commissary stores of the Army and Navy. Thousands will be trampled to death in the rush for Manchurian beans.

The oldest man living in this country is said to be John Shell, of Lexington, Ky., who the papers say, is 131 years old. He celebrated his last birthday by taking his first automobile ride and interviewing the press. The oldest of his twenty-nine children is over ninety years of age. He was married five years before the war of 1812 and was turned down for service in the civil War because he was too old.

Thirty-one German sea captains who disabled their interned ships in order that they would be useless to the allies, arrived in New York recently on the way from Havana to Germany. They found an unpleasant surprise waiting for them for they were interned on Ellis Island until their ship was ready to sail.

Lost—one D. S. C. citation. A member of Saginaw Post No. 22, Michigan found in Germany a citation to Corporal Donald D. Palmer, Company C, 107th Field Signal Batallion, signed by General Pershing. The citation is in safekeeping with the Saginaw Post until the owner reads this bulletin.

All organizations of women relatives of those who served in the war will amalgamate, if the proposition is adopted which will be proposed at the coming Baltimore conference of the War Mothers of America. This will be the second annual convention of the Mothers.

COMMERCIAL INDUSTRIES WILL BE PARALIZED IF YOU DON'T HELP

We are receiving daily phone calls, telegrams, and letters from business concerns from all over the country asking us to furnish them with Bookkeepers, Stenographers, Telegraph Operators, Cotton Classers. Our Employment Department has been worked to its capacity and then cannot meet the demand in spite of the fact we are graduating from one to a dozen students every day. The fact that business has been held under control for the past four years on account of the war, and large industries are from two to four years behind in their business, creates this unusual demand for our graduates. The salaries now being paid are almost double what they were before the war. Our Southern young men and women are fortunate because in addition to the enormous crops this year, the oil business in its many different stages has brought millions and millions of dollars from the North and East and it is being spent here, consequently, with this great incoming of wealth, comes many opportunities. Are you alive to the situation that stares you in the face today? Write us for more information on what you can do by entering our school.

We train our graduates to enter business with favorable conditions and send them to desirable places. In every business, there is "some one" who knows, and "some one" who has made a study of the job ahead of every department. Our graduates are the "some ones," because they have been trained in a practical and not in a theoretical way. They have been given an opportunity in school to strengthen and develop their ability.

Let us train you for business and place the prestige of our school behind you that you may soon find yourself succeeding better than you had even dreamed of. Fill in and mail for free catalogue.

THE METHODISTS

Every twelfth person you meet in the United States is a Methodist. So states the Advertising Department of "The Methodists."

If the Methodists computed their membership by inclusion of all members of the Methodist families, the method used by Roman Catholicism, they would number more than twenty millions. Five hundred and twenty thousand Methodist lads wore the uniform in the recent war.

The Methodists are not rich; they are not poor. They are rich and poor and middle class. They worship in magnificent temples and in frontier shacks.

One thing they have in common. Whenever you meet a Methodist, he is an American—unless he is something else. He is never a "blooming harumphodite," as Kipling termed the Marine. He is not a German-American or an Irish-American or an Italo-American. He is American—that's all. He doesn't believe in a soviet form of government nor does he advocate the general strike. In fact, the government that George Washington founded is good enough for him and he is in favor of changing it only by the processes which Washington and his fellows outlined.

That is why he is a prohibitionist, why he favors law and order under all circumstances, why he believes that the Bible should be read in the public schools and the Sabbath should not be fashioned after that of Continental Europe. The Presbyterians and Baptists and members of a score of other denominations are just like him.

They may not be civilized but they are Americans—and that's better.—Exchange.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

In Use For Over 30 Years

KINDERGARTEN HELPS FOR PARENTS

INJUSTICE CAUSES POUTS

(By Elsie Underhiil Eaton)

The Unbiased Observer was visiting the Heath family, in which there are three children—Max, who is 13; Gwen, 11, and Dolly, 4. The boy and the baby are generally easy to discipline, but there seems to be constant friction between Gwen and her mother, so much so that continual pouting bids fair to spoil what Nature intended to be a really beautiful little face. To the Unbiased Observer the fault appears to lie largely with the mother, and if the case were an unsual one, it would perhaps not be worthy of record; but similar misunderstandings so often exist between parent and child that the consideration of the following incidents may be of value:

Gwen is not a bad child, but her mother seems to expect disobedience from her, or, at least, a lack of cheerfulness. For example, Gwen had been sent to bed at 6 o'clock Sunday evening, ostensibly because she was sulky, really because her mother thought she was tired and needed extra rest The child was not given the real reason, however, and she went up stairs full of the rebellious feeling that a most unmerited punishment had been meted out to her.

Max, for his supper that evening, was given a large, fine banana, one of several whitch had been bought as a special treat. The next morning at breakfast two similar bananas were put at the places of the two older children. Gwen was particularly delighted, for she, of course, had had no banana the night before. She was smiling and happy when she took her place at the table, even though Max did announce triumphly that he had already had one.

Then Dolly, the baby, arrived and began to whimper because she had been forgotten in the distribution of fruit.

"Give Dolly half of yours, Gwen," said the mother.

Gwen's smiles faded.

"But, Mother," she said rather plaintively, "why can't Max give her some of his? He had one last night." (which would appear to be a logical and a decidedly reasonable question.)

The mother did not think so, however. "Give me your banana, Gwen," she demanded.

Gwen passed it over without a word, evidently having learned the futility of expecting justice from that quarter.

Her mother cut the fruit in half, gave one part to the baby and put the other on her own fruit plate where it remained untouched until it was removed to the pantry. Max, in the meanwhile, devoured his prize with gusto.

Gwen made no comment of any kind, but she ate the rest of her breakfast with small appetite, and with a face, wherein cukiness had replaced smiles, and with a very sore little heart she departed for school.

"Don't you think I did right?" asked the mother afterward of the Unbiased Observer, who didn't feel so very unbiased after all.

It was not time for polite camouflage.

"If you really want to know," came the reply, "I think you did entirely wrong. Gwen was quite logical in her question, and perfectly courteous. I should have thought she was lacking in intelligence if she hadn't objected."

The mother looked surprised.

"But she is so sulky about everything," she complained. "I want her to learn to mind cheerfully."

"She'll never do that," remarked the Observer, "while she feels such injustice in the 'powers that be.'"

"Do you think it was unjust to send her to bed last night?" the mother went on in a slightly injured tone.

The Unbiased Observer paused—but she had been asked for an opinion and she gave it.

"What heavier punishment could you possibly inflict if she is ever really bad?" she asked. "Social ostracism—just because she looked cross! What would happen if our sins were punished in the same ratio?"

And now the Observer wonders if she will ever be invited to make another visit!

Help to reach all the parents of the country by cutting this out and passing it on to a friend.

---o-o---

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper direction and doseage in each Bayer Package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicysacid.

HINTS TO THE CAR OWNER

Remove grease, oil and acids from your tires at once by using a cloth moistened in gasoline.

Become thoroughly familiar with your local traffic regulations and follow them to the letter.

Don't drive fast around corners; it is dangerous and destructive especially to tires.

Prevent blowouts by avoiding severe jolts and maintaining full air pressure.

"Non-slipping pnenumatic tires" for automobiles were brought out in 1900.

Don't attempt to shift the gears out first releasing the clutch.

Use French talc in the casing, but avoid using too much.

Remember the A. B. C.'s of motoring—Always Be Careful.

Examine rims occasionally for irregularities and rust.

Don't attempt to run the car on the electric starter.

Car owners should be reminded that shellac is not satisfactory for painting rims, it peels off too quickly Graphite paint is better for this purpose and even ordinary paint is to be preferred to shellac.

A porcelain plug is held in position by a retaining nut, which is packed with asbestos alone. If a leak develops at this point, it is due to loose packing and the retaining nut should be tightened up, but not to excess as this is liable to crack the porcelain.

An admirable idea in the arrangement of tools in the home garage is to give each tool a number, which is painted on it. The same number is painted on the walls or racks in the place where the tool belongs. In this way it is a simple matter to return each tool to its proper place so that it is ready when it is next needed.

---o-o---

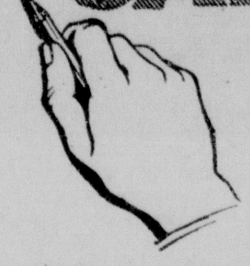

BRINGS WONDERFUL PRESCRIPTION TO ALL ECZEMA SUFFERERS.

Zemerine, the latest scientific prescription for the treatment of eczema, itch, and similar skin diseases, is now sold in leading drug stores. Until recently it was the guarded formula of a great physician, and men have paid a higher price for the treatment, but now it is within the reach of every sufferer.

It's time to say good-bye to inflamed and burning skin. Farewell to irritating and unpleasant sores, splotches, and blots which mar your face and make you uncomfortable. Zemmerine can give you relief at it has others. Give it a trial under our guarantee, your money back if it fails to benefit you.

Simple directions accompany each bottle. Sold in two sizes, 50 cents and $1. Start today and learn what relief means. If your druggist can't supply you, the Zemerine Chemical Co., Orangeburg, S. C., will send you a bottle prepaid upon receipt of the price.

CALOMEL

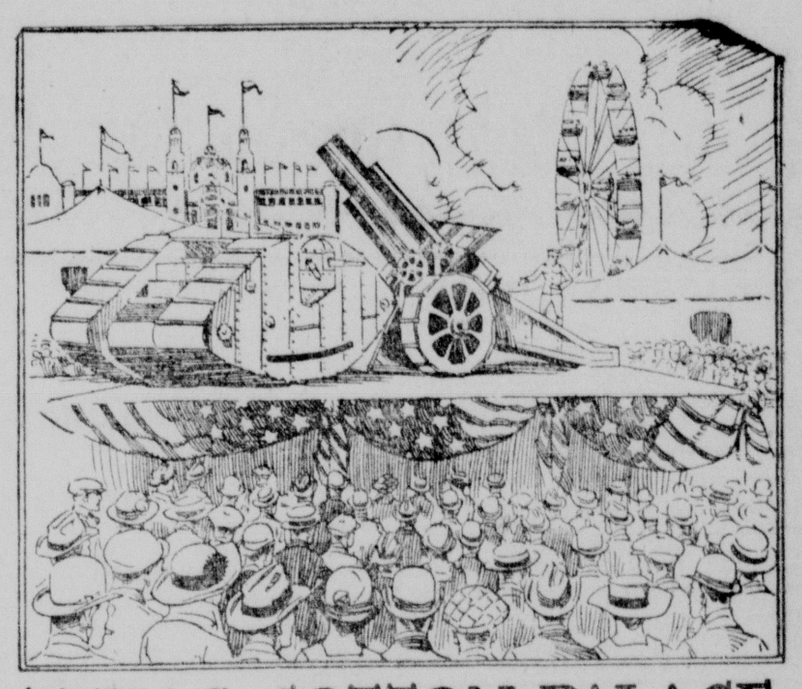

Calomel is a dangerous drug. It is mercury—quicksilver; and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take "Dodson's Liver Tone" Instead!

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

THE CAMERON HERALD

Published Every Thursday by
THE TERRELL PUBLISHING COMPANY

Entered in the Post Office at Cameron, Texas, as mail-matter of the second class, under an Act passed by Congress March 3rd, 1879.

Subscription Per Year $1.50
Payable in Advance.

Subscribers are requested to keep up with the date set opposite their name. The Postal Laws will not allow us to send your paper after your subscription expires, and all papers will be discontinued at the expiration of time paid to.

Thomas N. Herring, Manager

Cameron, Texas, October 9, 1919

Have you done your duty towards cleaning up the city to prevent an influenza epidemic?

The past is gone, the future is uncertain. Let's be sure that we make good use of the present.

We would like to organize a club on weekly payment plan to buy a turkey. Thanksgiving is not far off.

Is your name on the list of donors to the Corpus Christi sufferers? If not, why not put it there now?

A hearty welcome and a good sermon awaits you at the church of your choice next Sunday. Be there on time.

The high cost of living might be traced to the high cost of loafing for some who are continually fussing about the former.

Get in line and boost Cameron. We have the best town and the fastest growing town in Texas. Are you riding in the band wagon with the boosters?

It is said that George Washington sit for hours without saying a word. If there is anything in signs we sit at home lots of times for hours and never get to say a word.

You can buy just as many postage stamps for a dollar as you used to could. They will carry your letter just as far. There are some bright spots left in life after all.

Ardmore citizens asked Senator Reed not to come there to make a speech against the League of Nations. He told them he was from Missouri and they showed him.

We don't have to take Charley Terry's word for the assertion that his Porto Rico Yams are a real luxury. He has already demonstrated the fact to us.

Editor Warrock of the Rosebud News never fails to stand up for his home merchants and boost their business, and he backs up his argument with advertising from Rosebud merchants exclusively. The News is one of the neatest papers that come to the Herald's exchange table.

The Cameron Herald is one of the best printed and newsiest papers that comes to our desk.—McKinney Examiner-Review.

Thanks Mr. Tompson, and we believe from the high-class paper you publish and the length of time you have been in the service, you are capable of judging.

THE COMMERCIAL CLUB

The Cameron Commercial Club, though only eighteen months old, is one of the widest known organizations in Texas, being a member of the Texas commercial executives association. Representatives from this club have attended every state good roads meeting of import held in the state since the big movement has started. The club has been instrumental, by districting territory, to vote nearly a million dollars worth of road bonds in the county, and they are all sold and work ready to begin. The Cameron commercial club was instrumental in getting the Sap highway designated from Waco to Giddings, the meeting for this organization being held in this city, there is also $125,000 state and federal aid granted for this road.

Representatives from the club here have been successful in having designated two connecting state highways through Milam cohnty, roads that connect the Dallas-San Antonio road with the Waco-Houston road and $45,000 state and federal have been procured for same.

Free city delivery and a better mail service in general have been secured by the club. Not a single time did Cameron and Milam county fail to raise her quota in war work drives the committees for the section of the county being appointed by the commercial club.

When the commercial club was organized in March, 1918, there were a number of vacant business houses in the city, and a larger number of vacant residences, now there are a number of business enterprises wanting to locate here but there is not a building available. In the residence district houses are at a premium. In several cases two or three families are living in the same house. Real estate is higher than ever known and deals in town property for the past six months have totaled more than in the past three years. Everything is commanding a higher price and the merchants report the best business in their history.

H .B. TERRELL RESIGNS

The Mirror was surprised on picking up the paper the other morning and reading that Comptroller H. B. Terrell had resigned. Of course we knew that the meager salary of the office was not sufficient for a man of his great ability, still we had no intimation of the fact that he intended giving it up. The great increase in the cost of living has forced many valuable officials all over the country to go back into private life. This has been the case all along the line even up to cabinet oficers.

But Mr. Terrell has large newspaper interests over Texas, and he will perhaps find it more profitable to devote his time and attention to the same. We do not know, however, what his plans are. He was one of the most competent state officials we have ever had and perhaps at the time of his resignation he had more friends than any of the balance of them. He had performed his duties in such a fair and impartial manner that all classes and all factions liked him, and fortunately he never had to go thru any of the bitter fights that most of them have had to go thru. He is competent, affable and all that goes to make up a splendid servant of the people. We regret the retirement of such men from public life. But maybe Mr. Terrell will not stay retired; he might be called back in a higher capacity.—Temple Mirror.

New Stationery, New Toilet Waters and Perfumes, and in the best quality.

If it's in The Herald, it is news.

MRS ELLEN MORRISON

Mrs. Ellen Morrison, age 92 years, 10 months and five days, died at the home of Mr. and Mrs. Albert Lankford last Sunday night, Oct. 5th at 10 o'clock.

Mrs. Morrison was the wife of Rev. George Newton Morrison, deceased, a Cumberland Presbyterian minister and a great aunt by marriage of Mrs. Lankford and W. M. Morrison of this city and Messrs. Will, Levi and Ben Massey of this county.

Mrs. Morrison was born in Tennessee, November 30, 1826, married in Tennessee and came to Texas with her husband in 1866 and labored with him in his work as under-shepherd over various flocks throughout the State until his death in 1887.

About fourteen years ago, Mrs. Morrison was crippled by a fall and since that time has been an invalid, confined to bed and unable to walk.

In spite of her affliction her cheerful disposition and unwavering faith have kept her swect and uncomplaining through her long years of suffering and her fortitude and Christian courage were an inspiration to all who knew her.

About two years ago she came to Cameron to make her home with Mr. and Mrs. Lankford who have ministered to her comfort with loving hands and hearts. She was a member of the Presbyterian church of this city and has enjoyed sweet and comforting fellowship with her pastor, Rev. H. R. McFadyen.

Funeral services were conducted in Cameron last Monday at 12:30 p m. by Rev. H. R. McFadyen, assisted by Rev. J. E. Copeland of Rockdale who many years ago was ordained to the work of the Christian ministry in this State by a Presbytery of which Rev. Geo. Newton Morrison was a member, and who took part in the ordination service.

The remains were conveyed to Crawford where they were met by a large company of old friends and former parishioners and tenderly laid to rest by the side of her husband, who had preceded her many years ago.

1920 MODEL MAXWELL WINS BELL COUNTY PRIZE

D. H .Rubsan, manager of Tenison, Bair & Frey company, local representatives of the Maxwell Automobile Company, is very much pleased with the showing this car made at the Bell County Fair last week.

The 1920 Model Maxwell won first prize and was awarded the Blue Ribbon for being the best all round car for the money on exhibition in the Automobile department.

The judges arrived at their decision from the point of cost, its beautiful full streamline body, its easy riding qualities and economy in running, the little car making an average of better than twenty-five miles on a gallon of gasoline and going four hundred miles on a quart of lubricating oil.—Waco News-Tribune.

J. H. Gandy is distributor in Milam county for the Maxwell, and is very proud of the above achievement.

A PLEASANT SURPRISE

Mrs. W. O. Triggs, who goes about doing good, extended a loving little courtesy to her mother, Mrs. Ida Avriett, last Thursday evening in honor of the anniversary of her natal day.

The affair was arranged as a pleasant suprise for the mother, who had been invited in a most ordinary way to take tea with her daughter.

Upon her arrival at the home, Mrs. Avriett found the house most tastefully decorated throughout and all of her children and grandchildren gathered to greet her.

Before being ushered into the dining room where a tempting chicken dinner was served, Master Giles Avriett and little Miss Frances McDermott deposited a basket at their grandmother's feet which contained the gifts from the family.

Those enjoying this occasion were: Mr. and Mrs. W. O. Triggs, host and hostess; Mrs. Ida Avriett, honoree; Mr. and Mrs. William Rogers and children, Mr. and Mrs. Chas. McDermott and daughter, Miss Myrtle Avriett, Mr. and Mrs. Giles Avriett and children.

Removal Notice.

I have moved my harness store and shop on Houston Avenue to the building back of the Cameron State Bank.
F. J. Beckerman. 24-

FORTY-TWO CLUB

The Forty-Two Club had its initial meeting of the year last Thursday afternoon with Miss Clara Thomas as hostess .

Vases and baskets of beautiful pink and white roses formed a lovely setting for four tables of this ever popular game. The tally card further emphasized the favored flower and color, as they depicted dainty pink roses. Pink baskets, containing homemade candies, were placed on each table, and these added much to the enjoyment and interest of the game.

Victrola music was furnished during the afternoon. At the conclusion of the games the following delicious two-course luncheon was served:

Olives

Fruit salad Crackers

Ice Tea

Strawberry Cream—Angel Food Cake

The guests of the afternoon were: Misses Ruth Henderson, and Estelle Coleman; Mesdames Giles Avriett, Charlie McDermott and Vernon McIntyre of Marathon.

Partly intended as an advertising novelty, a mehcanical calculator has been invented for figuring the cost of any ordinary quantity of gasoline at any price.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receiv , similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. —— had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

All Druggists

RUST ON ROSES

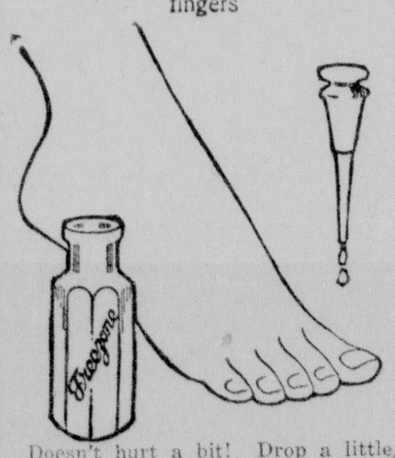

"There are two very prevalent causes of rose trouble this season," says M. E. Hays, Horticulturist, Extension Service, A. & M. College of Texas. "One trouble is mildew, which is controlled by dusting plants with sulphur in early season. The other trouble which has been very prevalent this season is due to chlorosis or lack of development of green coloring matter in the leaves. This is a physiological condition, and unfortunately there is no remedy that can be applied externally. It is due either to an excessive amount of moisture or a lack of moisture. We have this condition when we have excessive rain fall and when the rainfall is very light. It is worse on heavy soil than it is on light sandy soil. I would suggest that in planting roses in the future, unless you have sandy soil, that you incorporate sand in the soil at the time of planting.

—o-o—

Italian scientists have found that a species of the genista plant, vast quantities of which are available, yields a fiber stronger than hemp and almost as fine as flax for textiles and rope.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without coreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

SOMETHING FOR PASTIME

A flashily dressed young man entered a large office and enquired of the busy boss: "Have you an opening for a bright young man?"

"Yes," replied the boss, "and don't slam it as you go out."

Guest—"I would have been here sooner ,but I had the misfortune to puncture a tire on a broken bottle."

Host—"But couldn't you see the bottle?"

Guest—"Well, hardly; you see it was in the pocket of the fellow I ran over."—Life.

Lady—"I would like to see a waist that would fit me, please."

Clerk—"So would I lady."

At a Minneapolis club a discussion of the Bible came up. One man claimed he could not become interested in the Bible, although he was not an infidel. His friend suggested that inasmuch as he was going to Europe and would spend two weeks on the water, he read the Bible through.

When he returned, his friend asked him if he had read the Bible. He answered that he had, and had liked it, except for one thing: "You devote 234 pages to St. Paul and never say a word about Minneapolis, confound it."

She: "Truly, am I the first girl you ever kissed?"

He: "You are darling; and it makes me happy to hear you say I am the first man that ever kissed you."

She: "If I am the first, how does it happen you do it so expertly?"

He: "And if I am the first, how do you know whether I do it expertly or not?"—Asyouwere.

"Heels together! Stand up straight and button that blouse! Don't you know enough to salute an officer yet?" Demanded the C. O. of the new sentry.

"Nope. Just got here yesterday and ain't much acquainted yet."

"Well," replied the G. O., taken aback, "I am the Colonel of the Regiment and the commanding officer of this post."

"Good job, old man. Hang on to it," replied the rookie.

How would you like to hear your children crying for bread?" asked the presiding elder, who was endeavoring to raise a fund for the impecunious Armenians.

"I reckon it would be a pleasant change," replied Gap Johnson of Rumpus Ridge, Ark. "They are always bellerin' for terbacker now."—Kansas City Star.

"Say Joe, the other day I saw sixteen men under one umbrella, and not one of the got wet."

"Gosh! How was that?"

"It wasn't raining."

Beat Him to It.

Mr. Gotcoin—Now, Willie, when our sister comes down and is comfortably seated on the couch with me, I want you to tiptoe in softly and turn the gas low; will you?

Willie—You're too late. Sister told me to come in and turn it out.

Getting Him Right.

Nervous Gentleman (from the—country)—Oh ,a little lamb and some potato.

Brisk Waiter (shouting up the restaurant)—One lamb, one potato.

Nervous Gentleman—Waiter, waiter, a little less lamb, please, and—and a little more potato.

Hard Words.

Sapleigh—I hope, Miss Smarte, I am not taking up too much of your valuable time.

Miss Smarte.—Oh, I assure you, Mr. Sapleigh, that the time I spend with you is of no value whatever.

Located.

Absented Minded Professor—Margaret, please take that cat out of the room. I can not have it making such a noise while I am at work. Where is it?

Servant—Why, sir, you are sitting on it.

Repartee.

Bootblack—Shine sir?

Ugly Gentleman—No, thanks.

Bootblack—Shine yer boots so's yer can see yer face in 'em, sir.

Ugly Gentleman—No, thanks.

Bootblack—Coward!—Pearson's.

No Danger.

The partners of a well known Stock Exchange House were having a dinner conference at an uptown hotel. One of them appeared worried during the progress of the meal, and finally he was questioned as to the cause of his fit of abstraction.

"I just happened to remember, that I neglected to lock the safe before I left the office," he replied.

"Why worry?" said another member of the firm. "We are all here."—London Ideas.

HERE'S PROOF

A Cameron Citizen Tells of His Experience.

You have a right to doubt statements of people living far away but can you doubt Cameron endorsement? Read it:

J. A. Phelps, contractor and mason, Cameron, says: "About three years ago, I strained by back from lifting I caught cold and it settled in my loins and in the small of my back. I took different medicines but my back got worse until I had to leave my work. My back was so lame that when I stooped over I could hardly straighten up. While in that condition, my attention was called to a statement in the local paper of someone who had recommended Doan's Kidney Pills. I sent for a box of Doan's and was convinced that I had at last found just what I needed. I took, perhaps, two boxes altogether and I was cured of the attack. Doan's Kidney Pills have proven to me that they do all that is claimed for them."

LITTELL'S

LIQUID SULPHUR COMPOUND

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

HOURLY SERVICE.

It Cost Just 20 Cents More To Produce the Big One than it did the Runt

THE BIG ONE WAS FED

AVALON FARMS HOG-TONE

—The Liquid Hog Conditioner, Fattener and Worm Remover—

—THE RUNT WASN'T

THEY both started life at the same time and weight. They were given the same feed under the same conditions - with one exception. The big one got his regular dose of AVALON FARMS HOG-TONE—the Liquid Hog Tonic, Conditioner and Fattener—and the runt didn't.

The big one is the kind that tops markets and brings big profits to the pockets of the hog raiser. The runt cost more to raise than he will ever bring in the market. And the difference was brought about by 20 cents worth of AVALON FARMS HOG-TONE. HOG-TONE puts new life into hogs—makes them eat more and grow fat at an amazing rate. It helps them to combat disease and eliminate the worms that are the hog raiser's greatest foe to profits. Splendid for pregnant sows—helps to produce healthier, stronger pigs. Come in the store—tell us the number of your herd—and we will give you enough HOG-TONE to treat all your hogs 60 days. You don't give us a penny . If the results of the HOG-TONE treatment fail to satisfy you, it will cost you nothing.

HIGHEST QUALITY AWARDS

HIGH PRICES FOR FARM PRODUCTS MEANS PROSPERITY FOR ALL CLASSES

It might we well for those who are complaining so much of the high cost of living to ask themselves if they are not now in better condition than when farm products were selling at half the price and farm laborers were receiving 75 cents to $1 a day. The wages of the laborers in the city have increased more than the prices of farm products, the profits of the manufacturers and merchants have been larger actually and relatively than those of the farmers, and their net profits, notwithstanding the high cost of living, are larger than when the farmers of the county were selling their products at starvation prices.

The city merchant, professional man or laborer, who wants a return to low prices of farm products of ten years ago not only has a short memeory but he is blind to the most simple facts which affect and control his prosperity. The country can never be prosperous as a whole while one-third the population who produce the food supplies and largely the wealth of the country are not prosperous or not receiving fair wages, compared with the rest of the population, for their labor. —Progressive Farmer.

GIRLS! LEMON JUICE IS A SKIN WHITENER

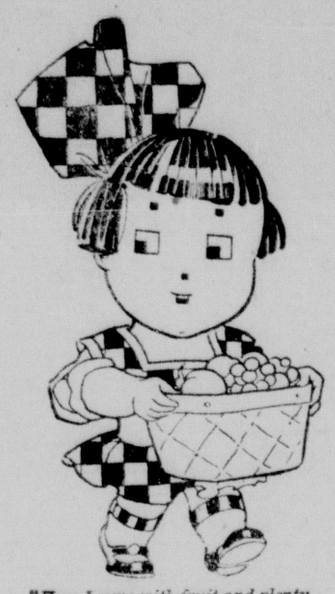

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softner, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

PAINTING IS ECONOMY

The unpainted farm home, tenant house, or barn not only looks bad, but in a very few years the loss from decay will more than pay for an application of paint. The building that is kept well painted practically never rots, while the life of the unpainted building is short. Rot works more slowly, but none the less surely, than fire. Paint, in preventing this loss, is an excellent form of insurance, and very economical insurance at that.

The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W. GROVE'S signature on box. 30c.

Statement of the Ownership, Management, Circulation, Etc., Required by the Act of Congress of August 24, 1912.

Of the Cameron Herald published weekly at Cameron, Texas, for Oct. 1st, 1919.

State of Texas, County of Milam, ss.

Before me, a notary Public, in and for the State and county aforesaid personally appeared T. N. Herring, who, having been duly sworn according to law, deposes and says that he is the editor of the Cameron Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443 Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor and business managers are:

Publisher, The Terrell Publishing Company, Austin, Texas. Editor, T. N. Herring, Cameron, Texas. T. N. Herring, Managing Editor, T. N. Herring, Business Manager, Cameron, Texas.

2. That the owners are as per list hereto attached and marked "Exhibit A."

A list of Stockholders of the Terrell Publishing Company: H. B. Terrell, D. A. Gregg, George W. Littlefield, Aylita Terrell, W. M. Woodall, R. B. Humphrey and E. J. Martin, of Austin, Texas; J. R. Schiller, C. P. Zapalac, H. V. Aderhold, C. H. Pinnell, E. O. Keeton, T. B. Perry, Lelia Perry Dr. J. S. Zvesper, F. L. Willenberg, Claude Miller, A. and A. R. Nemesek, J. R. Polasek, Paul Scrabaek, Frank Marek, D. T. James, August Morris, John Vasicek, T. S. Hruska, J. A. West, J. P. Kennedy, Tom Motis, Preston Ivy, Eula Hurlock, and Chas. Holosek, of West Texas; F. A. Black, F. C. Mondrik, W. W. Chambers, Frank Young, Allen Hooks, C. P. McGregor, A. W. Taber, Bob Lyles, J. R. Young, Adeline Caldwell and A. V. Smith, Cameron, Texas: M. Henson of Ben Arnold, Texas; L. H. Posey, and Ben Strum of San Antonio, Texas; W. A. Wilkerson, of Waco, Texas; Gus Newton, W. C. Phillips, C. C. Rouse, G. S. Summerlin, Will Wuensche, D. M. Jackson, J. L. Adams, H. G. Martin, Im. Rudi, J. J. Elliott, G. A. Williamson, John Davis, M. E. Fisher and E. L. Laurence of Thorndale, Texas; Captain Charles Schreiner, W. R. Schreiner, L. A. Schreiner, E. Schweethelm, Will Boeckmann, George Morris, Mack Weston, J. L. Pampell, and J. M. Hamilton of Kerrville, Texas.

3. That the known bondholders mortgages, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: None.

T. N. Herring.

Sworn to and subscribed before me this 4th day of October, 1919.

Notary Public in and for Milam county, Texas.

DIVERSIFIED FARMING

The cotton leaf worm may worry the diversifying farmer, but it cannot break him. The leaf worm does not flourish on standard-bred chickens, pure-bred livestock pasturage, silage, or the legumes, and the farmers in Texas who have listened to the county agents representing the Extension Service, as well as the Editors of The Progresive Farmer regarding the introduction of pure-bred livestock and diversified farming, are wearing a smile this year which must be irritating to the all- cotton or one-crop farmer.

OAKVILLE SCHOOL DISTRICT.

STATE OF TEXAS)
County of Milam)

Notice is hereby given that an election will be held on the 10th day of October, A. D., 1919, at Oakville, (white) school house in Common School District number 32 of this County as established by order of the County Board of Trustees of date the 7th day of April, 1919, which is recorded in Book 1, Page 44 of the book designated "Record of School Districts," to determine whether a majority of the legally qualified property tax-paying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of $3,000 the bonds to be of the denomination of $150 each, numbered consectively from one to twenty, both inclusive, payable serially in twenty years from date and bearing five per cent interest per annum, payable annually on April 10th of each year to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material and purchasing a site therefor within said district, and to determine whether the Commissioners Court of this County shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified votors of this State and County and who are resident property tax payers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge of this County by order made on the 16th day of September, 1919, and this notice is given in pursuance of said order.

Dated the 16th day of September, 1919.

CITATION

THE STATE OF TEXAS)
County of Milam)
To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to summon Andrew Williams by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 20th judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said Milam County, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 10th day of November, 1919, the same being the 2nd Monday in November, 1919 then and there to answer to a petition filed in said court on the 24th day of November, 1919, in a suit, numbered on the docket of said court No. 8017, wherein Mollie Williams is plaintiff and Andrew Williams is defendant. This suit is for divorce upon the ground of more than three years abandonment of plaintiff by the defendant with intention of permanent abandonment commencing in October 1915, plaintiff praying for dissolution of the bonds of matrimony existing between her and defendant and for costs of suit and general and special relief, etc.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon showing how you have executed the same.

Witness: PENN WOLF,
Clerk of the District Court.
Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 24th day of September, A. D. 1919.

PRESIDENT WILSON REGAINS STRENGTH

Physicians Now Very Well Pleased With Condition Of Executive

Washington, Oct. 8.—Slow but continued progress over a period of five days has brought such an improvement in President Wilson's condition that his physicians announced today that he was stronger than at any time since he was taken ill two weeks ago tonight.

Encourged by the patient's progress, Rear Admiral Grayson, the president's personal physician, let him sit up in bed part of the day but insisted on keeping his attention as far as possible away from official business. Unless something urgently requiring attention should develop, it is the plan to continue his confinement to his room for the present and to insist that he take the opportunity for a real rest.

Mrs. Wilson, who has been in constant attendance on the president during his illness, went for an automobile ride today for the first time since he was confined to bed.

Messages of sympathy reached the White House today from the heads of four nations—President Poincare of France; King George of England, King Albert of Belgium, and the president of Colombia. Messages also came from the government of Armenia and Earl Curzon of England.

CARD OF THANKS

We take this method of expressing our heartfelt thanks to our many friends who administered to our needs when our daughter and sister, Mamie Gjedde, died. Also for the nice floral offerings. May God's blessings be on you all is the wish of

HEALTH SURVEY TO BE MADE HERE

Dr. R. L. Howell Under Directors Of State Health Board To Make Investigation.

Dr. R. L. Howell, representing the state board of health, whose home is in Austin, arrived in Cameron Tuesday and announced that he would return here today to take up the work of making an indexical health survey. Dr. Howell will be accompanied by a sanitary engineer of the state department in the work.

This work is being done by Dr. Goddard, state health officer, in a number of cities over Texas for the purpose of gaining information on health conditions as they have existed for the past three years. The sanitary condition of the town in general, as well as the condition of each individual home in the city will be investigated. Every child in the public school will be examined for defects. Dr. Howell stated that it would be necessary to visit every home in Cameron and he wanted the co-operation of all clubs and organizations in the city.

Dr. Howell requests the Herald to ask the co-operation of all the ladies when he visits the homes in the city, as the information he is seeking can better be given by them in the matter of late illness in the family ,etc.

The investigation is to be made for the purpose of bettering health conditions.

CENSUS BUREAU GETTING IN SHAPE

Staff and Equipment Being Prepared For the Nation's Great Count.

The advance guard of the Census Bureau in Washington has swooped down upon the quarters of the aircraft production section of the war department and dispossessed that branch of the army of about half of the temporary building it occupied during the war. It is the intention of the aircraft section to surrender the entire building to the census bureau within a few months.

The building, a full city block square in its dimensions, offers commodious quarters for the rapidly expanding clerical force of the fourteenth decennial census. It likewise offers excellent facilities for the installation and operation of the many ingenious machines to be used by the bureau of the census in tabulating the statistics which will be gathered by the census enumerators during the month of January, 1920.

More than 8000 packing boxes have already been provided for sending out copies of the census schedules and other supplies to the 85,000 enumerators in the field. This first shipment of schedules is already in progress and the boxes now being sent out will be returned to the census bureau as rapidly as possible, thus keeping them in canstant use.

Finally the supervisors and enumerators after the enumeration is completed will use the same boxes to return to the census bureau the schedules filled out with the items of information which they have recorded on the schedules in their canvass of the population, homes and farms of the United States.

The dimensions of these boxes being approximately 26x20x11 inches, a simple and obvious computation shows that each box will come back to Washington packed with more than three cubic feet of statistical data.

Many punching, sorting and tabulating machines are already set up in the new quarters of the bureau. Most of these machines are products of the mechanical laboratory of the census bureau and have been invented and manufactured solely for the purpose of performing the intricate and rapid work required in sorting and tabulating the millions of punched cards upon which the facts and figures of the entire nation will be transcribed from the information gathered by the field force .

DAVIS SPEAKS OUT ON COTTON PROBLEM

Fred W. Davis, commissioner of agriculture, Tuesday fave out the followiny statement:

"There is an interest in the cotton affairs of the world—the most important interest in connection with the industry—which has been neglected. The time has come when this important interest must be fostered or the great industry must eventually crumble. This interest is the production of raw cotton. The enslavement of people, the impoverishment of soil, the neglect of country development and the deprivation of an education and liberal comforts and pleasures, to say nothing of necessities, cannot mean permanent production.

Speaking of cotton, we must realize raw cotton is essential to the spinning, weaving and production of clothes for the world. We must also realize that the form is the manufacturing plant of the raw material, and like a spinning or weaving plant, the farm must be kept in good repair, intelligent management and help must conduct it or the plant must go down and become worthless. Again, like a spinning or weaving plant, intelligent, efficient management and help cannot be employed or attracted to it, nor needed repairs made, unless there is a profit in the business. It is useless folly to expect it. The production of cotton is entirely a commercial business now. Commercial principles must be applied to its production and sale, or the business must eventually go under.

"The southern states are capable of proddring 50,000,000 bales or more of cotton annually, but not under such conditions as have prevailed in the past. The farmers cannot be expected to strive for maximum production so long as large crops are liabilities on their hands.

"As a representative of the producers at the coming world cotton conference, beginning Monday at New Orleans, I shall endeavor to convince the spinners of cotton that the first business step is the cost of production ,and the next step should be based upon production cost, the next upon the first two, and on up to the end of its business journey. I shall next endeavor to show that investments, wages, and all things which sustain farmers have been advanced to a level, unheard of before, and raw cotton must be priced accordingly to these new conditions. This, I believe, is sound economics and conforms to the rules of simple justice.

"I trust all those representing the producers agree to these principles."

SAN GABRIEL NEWS

With the passing of today September gathers her month around her and makes exit into "the past." These are the busy days in farm life and shall continue so for weeks.

We are frequently reminded that we are favored with bountiful fields of cotton where neighboring counties are almost destitute of a cotton crop. The continuous moan of our village gin verifies this fact.

Ellison Ridge school threw open her doors to a large attendance of pupils last Monday, under tutorage of Misses Wells of Kosse and Thomas of Shilo. Miss Wells was principal of this school last year.

Rev. Darby and family of Goldthwaite spent Saturday night with Mrs. Edna Felton of this neighborhood.

Mrs. J. M. Jcelyn has been very ill the past week

Henry Yeager has now taken up his study in the State University.

Rev. Roberts of Cameron filled his appointment in San Gabriel Christian church Sunday and Sunday night.

Bill Clark has returned from the Navy to spend a while here with his mother.

Felton Camp spent last week in South Texas.

Messrs. E. M. and John Perry returned from a visit in North Texas Saturday.

Mr. Brock of Cameron was a visitor in this village Friday.

Dr. Roepke of Thorndale was in this vicinity Friday.

We are glad to report Mr. Walter Clark able to be up and around again.

In different vicinities friends have spoken of many kinds of birds of peculiar species and different from our inland birds, having been noticed soaring and hunting food in the fields. Opinions are that these are birds driven inland by the tropical storm.

Miss Maggie Davidson and brother of the Kolb community were week-end guests of their sister, Mrs. Bud Guthrie, last week.

San Gabriel school auditorium accommodated a large crowd in attendance at a cream supper Saturday night. We regret very much that most of the cream was so bad as we want to give value received for the money, but it could not be helped at that late hour. All seemed to enjoy the evening. $38 was reported as being the receipts of the supper.

The many friends, both young and old, of Elbert Felton, Jr., are happy to know that he is recovering from an operation for appendicitis at his home in this village last Thursday afternoon. Drs. Reschar of Cameron and Lee and Crockett of Thorndale performed the operation.

Mr. and Mrs. Parkhill of Llano and sister Mrs. Boss Camp of Thorndale attended the cream supper here Saturday night.

Mrs. Walter Felton and children returned Thursday from a visit to relatives in Houston.

Mrs. Annie Camp spent Friday in Taylor.

Seth Glasscock was a business visitor to Thorndale Saturday.

Mrs. McCoy and children of Thrall were guests last week of her sister, Mrs. Edgar Williams of this village.

Mrs. Whitefield was listed with the sick part of last week.

With the arrival of Mann Davis Sunday from overseas the reunion of our home soldier boys with homefolks is complete. Each boy has returned in good spirits and looking fine and well, with the vow to ever again, when needed, to rally to the support of the Stars and Stripes.

J. C. Moore is this week searching for cotton pickers in South Texas.

Clarence Baird makes quite an exciting picture of his experiences while on a visit to Corpus the week of the storm in that city. Water was so high that existence there for a few more hours became doubtful and a declaration of still higher water soon determined Clarence for some kind of a makeshift for protection, whereupon he threw himself into the turbid waters, having three large flooded rivers to swim over before reaching land. Clarence, as well as his San Gabriel friends, had knowledge of his proficiency in swimming and with destruction painted before him made it safely home.

Mrs. Jim Davis is on the sick list at present writing.

W. H. Camp and family, Bud Guthrie and family, John Woody, Fred Glasscock, Clarence and Will Baird, and little son, Hicks, Louis Reeves, Clarence Kirkman, Moore Thomas Harry Woody were in Thorndale Sunday afternon.

Edgar Williams returned Sunday night from Laredo.

Miss Ora Yeager left last Thursday for Thrall to take up her duties as teacher in the school of that little city.

San Gabriel school will begin next Monday, October 6th.

Misses Gladys Summerlin, Norine Cowen, iMss Barbee, Jack Cowen Paul Peebles of Thorndale attended the supper here, Saturday night.

Mr. and Mrs. Jacob Isaac of Bartlett attended church here Sunday night.

Mrs. Jesse Moore had as her guests for a six o'clock dinner Monday evening Messrs. Dick Dunham and her nephew, Mann Davis.

J. D. Griffith Mal Gilchrist, Homer Davis, Jr., and Floyd Goff were in Thorndale Sunday.

WITH THE EXCHANGES

Lots of folks think they can live just any old way, just so they evidence the very slightest interest in push and progress, the local newspaper will send them to heaven any way when they shuffle off this mortal coil. But it sure is hard on a newspaper editor in a little city, where he is acquainted with everyone to send some "gezook," to the happy hunting ground who hasn't darkened the door of a church in many a moon, who never pays his part for Home Missions or the support of the local pastor, and who don't even take the home weekly. —Hico News-Review.

Andrew Carnegie never ran for office or he might have died poor. This is suggested when we note so many men who having piled up a large amount of wealth seen to crown their life's dream of happiness by running for office. They often haven't any real qualification for the job. But their ambition leads them to make what often proves a fatal step—they go down in defeat. Poorer? Yes. But wiser.—McKinney Examiner-Review.

If you can't have everything you want, be satisfied with what you get. Happiness is not a condition but a state of mind, and the "happy habit" is one of the finest you can form.—Grapeland Messenger.

Still the fact that the king and queen of Belgium were served baked beans in golden pots does not popularize baked beans with several hundred thousand young Americans who ate them served on tin plates during a recent notable period in our history.—Temple Telegram.

Herbert Hoover is a financier as well as a public benefactor. He asked America (or the congress of America) to appropriate $100,000,000 to feed the starving of Europe. This was more than a year ago. Now he has handed over to the United States treasury department between $85,000,000 and $90,000,000 of this sum in obligations of foreign governments, together with an accounting for the expenditure for the balance within the act. This note accompanied the collatoral and the report: "I hope this will be an agreeable surprise. Most of congress thought that the money was gone forever, but voted for it anyway." Herbert Hoover should be the secretary of the treasury in the cabinet of the Democrat who will succeed Woodrow Wilson as president on the Fouth day of March, 1921. He is a financier as well as a humanitarian. —Fort Worth Record.

Don't try to argue with Benjamin Franklin. He said: "Beware of small expenses; a small leak will sink a great ship." Just buy another W. S. S.

CHEVROLET

For Economical Transportation.

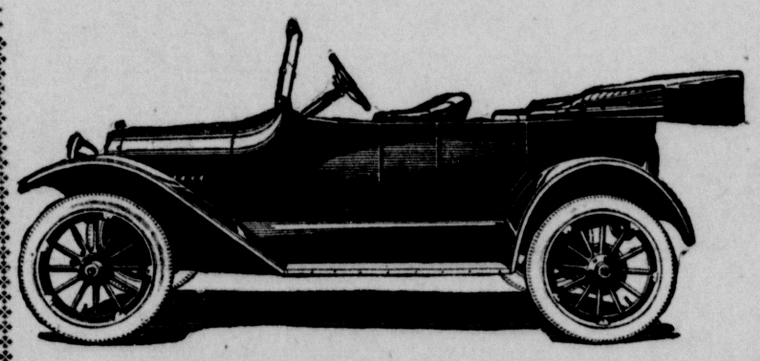

There has been but one building ideal in the manufactore of Chevrolet passenger automobiles. And that has been to build thoroughly and well—to build to last. This organization appreciates its responsibility to the man who has several hundred dollars to invest. He wants the amount he has to spend to bring him full value in return. He wants that value to last until he feels satisfied that it has rendered him service in proportion to the amount expended.

Come in and inspect the many Chevrolet models. See for yourself how and why such high manufacturing ideals insure future satisfaction to the purchaser of a Chevrolet automobile.

RESULTS OF POISONING COTTON FOR BOLL WEEVIL

In reporting to T. O. Walton, Director, Extension Service, A. and M. College of Texas, regarding results of poisoning cotton for boll weevils in Cameron county on a demonstration plot of six-tenths of an acre, T. C. Richardson, County Agent, says: "This test showed the following results: The poisoned plot of six-tenths of an acre yielded 700 pounds of seed cotton; the unpoisoned plot of the same size produced 218 pounds of seed cotton."

Six types of transmitting equipment in duplicate and practically all recent developments in radio telegraphy have been installed in France's great new wireless station at Lyons.

WINTER COMFORT FOR MIND AND BODY

Whittier's fireside scene in "Snowbound" gives us an ideal picture of winter Comfort. The things that made for comfort in that case were warmth, food and companionship. The good fire and the suitable clothing provided warmth, the wholesome food that the thrifty housewife served her family kept them well and in happy frame of mind.

In preparing for winter comfort, the housewife should can an abundance of fruit and vegetables, and see that there is a good winter garden planted. Nuts, late apples, popcorn, etc., should be carefully stored. The man of the home should have plenty of wood (that will burn) for the kitchen stove and the rest of the house. The housewife should have a fireless cooker. This lessens the amount of wood needed and gives her more time for recreation.

Before cold weather sets in, all broken window panes should be replaced, and if there are any cracks in the floor and walls they should be fliled. The floors should be stained to avoid scrubbing. Of course water and lights should be installed, if the family purse can afford them.

In the living room provide comfortable chairs, a good reading table, a lounge and good lamps if other lights are not available.

There should be a musical instrument of some kind; checkers, dominoes, rook cards, etc., for the long evenings. Last, but in no wise least, have a daily paper, a farm paper or two and other magazines and books. If the school does not have a good library, help get one. The teachers can tell you how, and they will be glad to help. Then there will be good books for you, your family and your friends.

Have you ever figured it out this way?

The danger of buying goods away from home is more than the fact that they are not always as represented; there is sure to be a long delay, and possibly dissatisfaction when the goods actually arrive. And besides, your own home merchant can make you a better price on anything you buy than you can obtain elsewhere.

Be a home booster—it helps you and it helps us; and remember WE'RE ALWAYS RIGHT HERE TO BACK UP EVERYTHING WE SELL WITH OUR GUARANTEE OF ABSOLUTE SATISFACTION. Come in and let us show you.

KEEP AN EYE ON YOUR TIRES AND BATTERY

The tires that relieve your car from the shock of the road, and the storage battery that supplies current for lighting and starting are similar in sveral ways according to Mr. T. C. Whites, local Willard expert.

It's easy to see that there is a resemblance between the air held under pressure in the tire and the electricity held ready for service by the battery. In both the tire and battery you are depending on common but invisible forces.

Of all points of similarity between tire and battery, however, the strongest is that of care required. Your tires, for instance, may go on mile after mile without giving you a bit of trouble. Then on a little stretch of rough road there may be a "pop" and you're on a flat tire. The tire was a good tire up to the minute it blew, and could have been repaired at small cost; but for weeks, perhaps that spot have been wearing deeper into the casing.

The conditions are closely paralleled in the storage battery with electricity instead of air as the force to be held in check; and the insulation in place of the tire casing. When the battery is new the insulation is perfect just as new tire casings are free from flaws. As time goes on some slight weakness may develop. If you watch your battery these can be taken care of at very small cost and no serious trouble will come up.

No matter how perfect your tires or battery are it pays well to keep your eye on them and stop the little troubles before they develop into big ones.

—o-o—

HOW SOLDIERS CAN GET THEIR UNIFORMS

Equipment to which discharged soldiers and sailors are entitled can now be obtained directly through their congressional representatives according to Rufus Hardy, Congressman from the Sixth District.

In a letter to this paper on this subject he says in part:

My attention has been called to the fact that every enlisted man in the American army was entitled to take with him upon discharge the following property: One overseas cap for enlisted men who have had overseas service or one hat and hat cord for all other enlisted men; one olive drab shirt, service coat and ornaments, one pair breeches, one pair of shoes, pair of leggings, barracks bag, waist belt, set of toilet articles, one slicker, one overcoat, one suit of underwear, four pairs of stockings, one pair of gloves, gas mask, (if issued overseas), three scarlet chevrons.

If he did not secure the above property on his discharge he is now entitled to receive it. To secure it he must certify to the facts.

Those who desire can make application direct to me at Washington, D. C. and I will take pleasure in forwarding the necessary blanks.

—o-o—

Algeria, which makes more than 1,000,000,000 packages of cigarettes annually, is gradually adopting American tobacco preparing and cigarette forming machinery.

Willard

Not Your Money But Your Good Will

We want the good will of every car owner in this town.

We want everyone to say what lots of folks say now—"Willard? That's where you get a square deal and value for every dollar."

We'd rather have your good will than an extra dollar or two on a repair job.

We'd rather sell you a battery that will give longer and better service than to make a living by repairing poor batteries.

Of course *good* repair work and *good* batteries cost more, but we believe they make friends and buy good will.

Let's get together.

Life

The simple lass.
The broken working man.
When life entered the door.
Only a gutter bum.
The woman who knew no shame.

By W. Alexander Imlay

She was only a simple girl from the country. She entered the big city in the hope of earning enough money to give her the clothing of the fashion plate ladies and movie queens. Perhaps she came with the intent of making herself useful in the world.

She got a job. It was work, if that constitutes a job? She slaved nine hours a day behind a counter or possibly she stacked matches in boxes—no matter she got the job.

And the salary, magnificent—$10 a week. The clerks in Perkins' store back home only got $6 but then she was ignorant as yet you see.

So she drifted along until one fine night she found herself hanging over the railing of the river bridge, pocketbook empty, hungry—contemplating a leap from the bridge—or worse.

Then there is the working man. He knows no trade for he grew up in untrammeled America where one is permitted to do as he pleases. An indulgent father had not insisted on him learning anything useful. His mother upheld him in idleness.

Possibly the father went broke. Possibly he never had anything. At least we find our hero at forty, discouraged, knowing no trade, on the bum.

A bad season strikes his section of the country. He has no money, no friends. Then we find him—where?

Riding the rods to a better land, in jail and out, a knight of the cinder trail.

The poor man comes one dreary night to a cold home. He is out of work. He knows no friends. His children are huddled around a stove in which the last embers are dying. A small girl of four weeps for food.

A mother in the next room—there are two rooms—lies in a bed of old blankets and ragged great coats. She is moaning in pain.

A little life is to come into the world before many hours have passed. There is no doctor, no provisions. There is no fire, no light.

In despair the man goes into the night stumbling against the cold wind seeking assistance in his trouble.

There is a gutter bum who has no knowledge of how loathsome he really is. Drunken, abused, kicked and cuffed he dodges all human beings.

Like a trounced dog he avoids people yet he must seek them. At last he decides that he is down and out. He goes down the street with longing in his heart. He longs to tell some one how he despises self.

He has reached the turning point. Will some one hold out a hand?

Ha! ha! he laughs. He knows the world.

Then there is the woman without shame. Christ had compassion on her kind but she has come to think that no one else had. Harpy like she plies her way about the streets of the great city.

Her cheeks are incarnidine. Her soul is as red as her painted lips. Her eyes are as full of guile as the misshapen mind.

Unloved, much caressed, hunted, a prey upon society she comes to the last step down, then she finds gold in her heart. Does anyone else find it?

So they run through the annals of life. But here is what happened.

The simple girl went to a clean boarding house and after a few years made good. She blossomed into a flower of pure womanhood.

The workingman went to working man's hotel. He was given shelter and clothing with food as the lowly Nazarene commanded. He learned a trade and became useful. He became a producer.

The poor man sent his wife to a maternity home where she received good care. His children were sent food, clothing and fuel.

The gutter bum was offered a chance at self rehabilitation. He made good. He quit drink, got a job and was useful.

The harpy was sent to a rescue home and became a woman. She who was old only in experience again learned the simple love of a child. She was saved for the world.

Each was saved through the Salvation Army and its organi-sations for men[illegible]

5,000 Helpless Orphans in South Are Asking the Privileges of a Home

Baptists Are Providing For That Many at Present in Fifteen Institutions But as Many More are Waiting For Admission---The 75 Million Campaign Plans to Meet That Need.

A Group of Boys and Girls in the Tennesese Baptist Orphans Home near Nashville who are being cared for and trained for useful lives.

Does your heart go out to the worthy boy and girl bereft by the Grim Reaper of father and mother, and left alone in the world without the fostering care of those to whom they are naturally most dear in the world?

Then you will undertsand why Southern Baptists have established orphanages in fifteen states, are caring for 5,000 such children in those homes and training them for useful lives in the world.

But the need is far greater than the ability of these institutions to meet it. While five thousand children are being cared for in these orphanages, there are on the waiting list of these institutions fully five thousand more equally worthy, fatherless and motherless boys and girls who want the privileges which these orphanages afford but which must be denied them for the present because there is no room with which to shelter more of them.

So when the Baptist 75 Million Campaign was launched for the enlargemen of the work of the denomination along general lines in an effort to meet growing spiritual needs in the homeland and throughout the world, the sum of $4,700,000 was apportioned to the orphanages, this sum to cover a program of five years, as the $75,000,000 sought in the campaign will be raised in cash and five-year pledges during Victory Week, November 30-December 7.

In the homes that have been provided for the orphans facilities are provided for giving regular schooling of the same character that is afforded in the public schools, beginning with the kindergarten and continuing to the tenth and eleventh grades in the high school. This work in the school room is supplemented however, with practical training along industrial and oher lines. For instance, the boys are given courses in practical farm work on farms which have been purchased and are operated by the homes, livestock production, carpentering, tin work, plumbing, laundrying, and the like, as well as courses in business for those who show special adaptation for that line of work.

The school room work for the girls is supplemented with the study of music, domestic science, stenography and the like. Large attention is given to the religious life of the children, also, and this is given emphasis in the daily chapel services, and in the Sunday School and preaching services on the Sabbath.

The orphan children respond readily to the opportunities and privileges afforded them and there have gone out from these institutions a number of the most useful men and women in the various states. While taking pride in the accomplishments of the boys and girls who are in the homes at present, as well as those who have gone out from there to make their own way in the world, the superintendent and teachers are saddened by the fact that there are so many other helpless children who ought to be aided but can not be by reason of the limitations of the homes.

Enlargements are necessary for all of the fifteen orphanages fostered by Southern Baptists which are located in the following states: Alabama, Arkansas, Florida, Georgia, Illinois, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia.

13 MILLION WHITE PEOPLE NOT SAVED

THIS IS ONE OF THE PRESSING STATE MISSION PROBLEMS IN THE SOUTHLAND.

THE SITUATION IS OUTLINED

Baptist 75 Million Campaign Has Apportioned $11,000,000 To Be Employed During the Next Five Years in Meeting Need.

Within the eighteen states comprising the territory of the Southern Baptist convention are 13,000,000 white people who are not only not identified with any church, but who do not claim to be christians, according to information gathered by the Baptist 75 Million Camapign. To try and reach these people with the gospel is one of the aims of the campaign and to meet the problem the state mission organization in the various states will set themselves. To help these organizations in meeting that problem the sum of $11,000,000 has been apportioned from the total of $75,000,000 that is sought for all purposes, and during the next five years the state mission forces will seek to reach these millions of people right here at home with the gospel and enlist them in some phase of christian work.

According to this same source of information, it is learned that there are 3,391 towns and villages in the South with a population of 200 or more in which there are no Baptist church organizations or no Baptist houses of worship. Inasmuch as these towns influence more or less the surrounding territory an effort will be made to reach them and the territory surrounding them during the five-year program of the Baptists, it is announced.

There are seventy-four county seats in the South without a single Baptist church or meeting house, it has been ascertained by the campaign headquarters. By reason of the large number of public officials residing there, and the large number of people who go there from every section of the county to attend the sessions of the various courts, pay their taxes and the like it is regarded that the county-seat towns are of especial importance and it is hoped that before the next five years have passed there will be an active Baptist church in every county-seat in the South.

Engaged in the work of state missions at present are 1524 missionaries, and while this may seem like a reasonable number, when the vast territory to be served is considered it has been found that fully 1,000 extra men and women are needed at once, for in addition to reaching the people who are not christians there are many weak, struggling churches which need assistance and whose members need development. In the several states of the Southern Baptist convention, for instance, there are 9,000 churches with a membership of many thousand which give but very little to any interest of the denomination and which are doing but very small things for the uplift of their communities.

In addition to these very weak churches, many of which have no pastor there are in the various states a total of 19,688 churches which have preaching services only once a month 3,000 churches which have services only once a month, and only about 2,200 full time churches. Part of the $11,000,000 apportioned for state missions will go to the strengthening of the weak churches and the bringing of them to full-time pastorates where possible.

Leaders in the campaign have sought to care for every interest of the denomination in the $75,000,000 that is asked in cash and five-year pledges during Victory Week, November 30-December 7, when the final drive will be made, but they recognize that the future development of the church depends in a great measure upon the development of the churches at home which is the peculiar task of state missions.

RECEIVED A CAR LOAD OF OKLAHOMA MULES

FROM 2 TO 5 YEARS OLD

14-3 to 16 hands high and well matched. Will be sold at a small margin of profit because I have just opened a new Mule Barn in Cameron and want to get acquainted. I expect to remain in Cameron and guarantee every Mule to be as Represented, if not, your money will be refunded.

AUTHORIZE CAVALRY UNIT AT A. & M. COLLEGE

That a cavalry unit of the R. O. T. C. has been authorized by the war department was announced Tuesday by President Bizzell, of A. & M. College. The information that the A. & M. college had been approved for a cavalry unit was contained in a telegram from Adjutant General Harris.

Previous units that have been authorized and established at the college include infantry, field artillery and signal corps. The approval of the college's application for a cavalry unit will increase the military equipment at the college approximately $50,000. About 100 horses picked from the best that the army has will be sent here as soon as barns and sheds can be provided for their proper care. It is not known that any other college or university in the country has as many R. O. T. C. units as the A. &. M. college. This is taken to mean that the facilities of the college and its high standing as a military institution have been determining factors in securing this recognition.

JUST RECEIVED

A shipment of Willard Batteries from the factory. Can fit your car without delay. Milam County Battery Co. 23

Mrs. J. K. Jameson who has been visiting her sister, Mrs. J. H. Gandy, has returned to her home in Coleman.

J. B. Lewis was over from Rockdale last week on busines.

DEATH OF MISS MAMIE GJEDDE

Miss Mamie Gjedde died at the home of her parents, Mr. and Mrs. S. G. Gjedde, early Tuesday morning, and was buried Tuesday afternoon at 5 o'clock. Funeral services were conducted at the home by Rev. Mr. Spradley. Miss Gjedde, who made her home with her sister, Mrs. Burns, in Chriesman, had been in ill health for some time and her death was not unexpected. She had been in Cameron only a week when the end came. She was a member of the Baptist church, and is survived by an aged father and mother, three sisters, Mrs. Burns, of Chriesman, Mrs. Horace Bergland of Cameron, Mrs. Ollie Clay of Dallas, and two brothers, Y. A. Gjedde of New Salem and Will Gjedde of River Side.

The Gjedde family have lived in Milam county for many years, and the sympathy of many friends is extended them in their bereavement.

JUST RECEIVED

A shipment of Willard Batteries from the factory. Can fit your car without delay. Milam County Battery Co. 23

B. M. Schlutter visited friends in East Texas last week.

NOTICE TO PUBLIC

On the 15th day of October I will take the management of S. G. Brooks' dairy. Beginning Nov. 1st, want to bottle all milk sold so that it will be sanitary. Will sell only in pints and quarts. Price will be 15 cents per quart, straight. Cash terms. Bottles must be washed and returned daily. J. F. Mathis.
23-2t-24.

When baking cakes warm and grease the tins well and set away to harden while mixing cane.

When making filling for custard pies beat the milk to the boiling point before being added to the eggs.

Put a cupfull of seedless raisins into the stewed apples when cooking and see what an improvement it is.

If stout women have the armholes of their blouses as small as possible they will not tear out under the arms.

A small wire hairpin slipped over the edge of the gas globe will prevent it cracking when the gas is lighted.

Practice shifting the gears until you know instinctively from the car's speed just when you should make each shift.

If the clutch is allowed to slip very long it will burn the leather, which will necessitate a relining.

Avoid the use of any substitute for air.

Plant a few dry grapefruit seeds in a fern basket. You will soon have a pretty table plant.

ARRIVED THIS WEEK
ANOTHER CAR LOAD OF

OAKLAND
SENSIBLE SIX

The performing, handling and riding qualities of the Oakland Sensible Six awaken the quick appreciation of that scientific type of construction which has won wide approval and established it as the dominant car of its class.

Eighteen to 25 miles per gallon of gasoline; 1000 miles and upward per gallon of lubricant; 8000 to 12,000 miles per set of tires.

Tourings and Roadsters	$1075
Unit Body Coupe	$1650
Unit Body Sedan (New Four Door Type)	$1740

F. O. B. FACTORY

We shall appreciate the opportunity of showing and demonstrating this wonderful "Sensible Six" automobile. It will not take long to convince you of its superior value.

We are daily writing the 1920 sales agreements and making deliveries of all models.

Make $5.00 Extra Before Christmas!

Dozens of your neighbors have made this much and more, besides insuring their satisfaction and comfort all winter, and you can do the same, by ordering your winter supply of coal put in as soon as the coal arrives

We have four cars now on the way, of which about one-half is spoken for.

We want to give you the best service possible, but the coal situation is so uncertain we just cannot promise any coal when winter sets in, although, of course, we will do our best to take care of our trade, and will try to have coal in stock.

As winter advances the price of coal goes up, and we are unable to make a price now for later delivery, except on the coal we now have on the way.

Can you afford to wait?

Examinations for teachers certificates was not well attended last Friday and Saturday, there being onlp four applicants, three of which were for State and one for county. Those who applied are as follows:

Miss Letha Howard, Mrs. H. E. Garner, Miss Caria Roark, and Miss Jennette Pardo. Mr. Roark, held examinations Friday and was assisted by Mr. Hughes Saturday.

Miss Annie Webb Blanton has given notice that a "Special Examination" for teachers will be held 1st Friday and Saturday in November. This examination is called for the purpose of supplying the great demand for teachers in the State. At present there are about seven vacancies in the schools of Milam county.

County board of trustees held a very interesting session Wednesday of last week at which certain changes were made in school lines. The board has called another meeting to convene Wednesday afternoon of this week for the purpose of considering certain proposed changes in school district lines.

PHYSICAL CULTURE CLASS

Miss Hillman, director of the expression department, has organized a class in physical culture, in which the girls have taken a great amount of interest. The class contains forty-seven pupils, who are divided into two sections, and who rectie twice a week.

The aim of the course it to develop a strong, sound body, for a sound mind cannot exist without a sound body. In this course we study the psychological laws in bodily education, and learn the aesthetic value of each law. The course of exercises studied is the Emerson system, founded by C. W. Emerson of Mills, Mass.

This is a course of study which is a great help to one's health, for nothing is more beneficial than physical exercises to the human body. We learn to breathe, stand, walk and sit correctly, as well as to care for our body. This course teaches us to feel easy in our movements in public, and all the exercises tend to make the body graceful. We study the muscular senses, and their relation to our course, which is educating our bodies with reference to—(1) consciousness, (2) affection, (3) will, and (4) intelligence, all having natural means of expression. Physical culture is a study of the entire body and the relation of the parts to parts. We feel that this course will be of great benefit to the girls of the high school, and that no wiser step could be taken by them than to join this class.

NEW BRANCH OF INSTRUCTION

A very good plan has been adopted for the interest of the students in the high school. This plan is to have various people who have had experience in the business world to come before the student body in order to bring them helpful suggestions and ideas for meeting life properly. This is time well taken, and is in itself practically a branch of instruction.

Mr. McDonald of the Citizens National Bank made a splendid talk to the student body last Friday morning. The students enjoyed and appreciated it very much, and are all looking forward to other such talks.

THE SENIOR PHYSICS CLASS

On Tuesday evening, September 21st, the Senior Physics Class went on a very pleasurable and profitable trip to Batte's Gin, No. 2, for the purpose of seeing a Hydraulic Press in action so that we might more clearly understand what we are studying about physics.

After we had seen and asked all we could about the press, we retturned to Mr. Crawford's home at Mr. Kemp's, and there on the lawn we had a delicious lunch prepared by the girls. After this, ice cream which was furnished by the boys, was served.

All had a very pleasant evening, and we hope to have many such trips during our course this year in physics.

PERSONAL MENTION

The following students attended the Ringling-Barnum Bailey Circus at Temple on Thursday of last week: Leland Denson, Misses Loiuse Denson, Juanita Caldwell, Ruth Cammer, Mary McCown, Mildred Chambers, Katy Cone, Ollie Clinton, Elizabeth Gray; Messrs. Leon Collins, Lee Howell.

Miss Bass of the English department and Miss Maurine Messimer spent the week-end with friends in Yoakum.

WEEKLY EXPLOSIVES

Furthermore, we wish to state that our foot ball team has "some rep." Rockdale got scared and wouldn't come over to oppose us.

* * * *

Some one has said that water is the best of all beverages. What if the water isn't pure?

* * * *

It is our idea that if Seniors are Seniors, Juniors are Juniors, Sophmores are Sophs, and Freshmen are Fish, the last are most valuable from the housekeepers point of view.

* * * *

Mrs. Soloman says that the Cam-Hi has some very unusual features. It is rather unusual for chickens to be fed by fish.

* * * *

The Cam-Hi's most recent proposal was from a Junior. She did not accept, because he does not favor the publication of the Annual.

THE GIRLS' CLUB

Last Tuesday afternoon the Senior and Junior girls met, and under the supervision of Misses Bass and Cain organized the "Girls' Club."

This club has many aims in view, which, with the co-operation of every member, it is felt will prove worthy. The first aim is fourfold. There are four phases to a girl's life—spiritual, Intellectual, social and physical. Each of these phases will be developed to the highest extent possible in the club. The second aim is to know fellow-students. Many people have gone through school knowing nothing more about their school mates other than the mere names. Every member of the club will be put on the same social standing. Heretofore only a few have held social advantages, with the majority "left out." Nothing of this kind is going to be had in the Girl's Club. Every member will take part, and in this manner, success is sought. The Girls' Club hopes to render valuable assistance to the school and community in various ways, for instance, it is going to help secure library books.

The following officers were elected: President, Katy Cone; Vice-president, Agnes Henderson; Secretary, Marie Plate; Treasurer, Agnes Chambers; Chairman of Program Committee, Mildred Chambers; Chairman of Social Committee, Juanita Caldwell; Chaiman of Poster Committee, Oma Weems; Chairman of Publicity Committee, Jewell Osborne; Critic, Velda Walker; Supervisor, Earl Bragg.

This cabinet met Wednesday afternoon with full attendance. Many important matters were discussed, after which the meeting adjourned until next Tuesday afternon.

ATHLETIC CLUB ORGANIZES

Last Thursday afternoon a meeting of all the high school boys was held. Mr Kidd, acting as chairman, explained the need of the club, and also said that Cam-Hi should be a member of the Inter-Scholastic League. After giving several good points along this line, he asked for an election of officers. They boys acted at once, and elected Leland Denson president and Willie Parma, secretary and treasurer. Mr. Crawford was asked by the president to explain more fully the Inter-scholastic League, and he did this very gladly.

Mr. Cameron, our football coach, made several important remarks. Then, after a thorough discussion of the matter, the boys united with the league by a unanimous vote.

FOOTBALL

The football men of Cam-Hi were very much upset when Rockdale phoned that they could not fill their appointment with us on last Friday. Some of the boys say that Rockdale is yellow, but we could hardly say that. (?) They had but two good players, and they were ill, so naturally they counld not expect the victory over Cam-Hi eleven. The Cam-Hi eleven will meet the Caldwell eleven at Caldwell Friday Oct. 10, and expect to capture the first game of the season.

OUR CITY WATER

In the Eighth Grade Science Class of Cameron High School, we have taken up the subject of water. In our studying we have learned how water can be easily purified by the means of a filtering plant. We have learned that unless it is purified, that it can contain many germs that are dangerous to human lives.

We discussed in class the question of the city water we drink, whether or not it was pure and germless. We all know that it has a very unpleasant taste, and could easily contain thousands of germs of numerous kinds that might cause much sickness over the city, and maybe the death of many people.

Other cities and towns surrounding Cameron have fine water, and is very much better than Cameron's, then why can't we have it? We could have it if the city would build a filtering plant, which would make the water have a pleasanter taste, and prevent any sickness that might be caused by drinking water. A FISH.

Dutch Baskin—Miss Read, how old are you?

Miss R.—Why?

D. B.—Because our class read in Franklin's Autobiography where he courted a Miss Read, and I was just wondering if it was you.

Miss Williams has traced her ancestry back several hundred years. She had better not tell us how she did it, because we might be able to trace ours back to monkeys.

Fresh to Senior: Where did you get that hair cut?

Senior: On my head.

Terry—Gaston, what makes your hair so red?

Gaston—Oh, I was trying to get mother's preserves and a bottle of peroxide turned over on my head.

In 10A English, Miss Bass was referring to a certain girl by describing her in this way: She has black hair, dark brown eyes and very seldom uses paint.

Eugene Matula—Gee, that must be Maurine Messemer.

Our job department is complete.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c.

Life

Where humanity weaves
"Git you bum"
Light and welcome
A subtle transformation
Where home fires burn,
Looking into the future
In glory's fires.
The instrument.

By W. Alexander Imlay

Weaving eternal figure eights through the streets of a great city in the southwest a Saturday evening crowd shifted in a human phantasmagora under brilliant arc lights. It was early winter. In the fashionable district well clad men wore new overcoats and silken mufflers. In the lower end of the city men pulled thin summer coats tightly about their necks.

Women beating their way along the thoroughfares felt the chilling wind on sleazy silk clad ankles. Children of the slums hopped swiftly along, homeward bound from errands seeking the warmth of tenements, for their chilled bare feet.

A gutter rat stood in the doorway of a cheap restaurant. The odor of frying onions and steak tantalized his nostrils. It was for the warm air that came through the open door that he tarried.

"Git, you bum," he heard. A second later the toe of a tall man's boot had forced him into the street.

"No one wants a down and outer," the sniffling thing moaned as he slunk away.

Women of the street passed him with a leer. A "down and outer" was the last thing on earth they sought. What they wanted was money for food and warm quarters. The "rat" could supply neither.

A swinging light in the street ahead drew his attention. Upon coming close to it he spelled out "W-E-L-C-O-M-E."

"Ha! Ha!" he laughed cynically, but he entered.

Next morning the "rat" was no longer a rat. He had been fed and clothed. He had been bathed and given a bed. Hope burned high in his heart.

Through the offices of his new friends he was given work. It is useless to follow him for, of course, as in all articles of this kind, the "rat" made good.

Beaten and cuffed; scorned and unwanted he had at last come to his own.

Five years later we find the "rat" without a semblance of the thing of the gutter which had been clinging about him.

In a pleasant room, with a flower in the window, we find him reading the daily paper. A woman speaking in soft tones is lulling a child to rest.

Outside the wind howls. A cow bawls in the stable at the rear of the lot on which the cozy home is built.

The one time down and outer is moving up. He has a wife and child. He owns a home. He has a cow.

"We must make some steps to issue our child the surroundings of Christianity," the wife tells the one time thing of the gutter, after the child is sound asleep in its crib.

"Well, what shall we do about it?" he replies.

The woman places her cheek next to his and whispers. The honest citizen is at peace. He nods his head in acquiescence.

Sunday comes with bright sparkling morning light. The honest citizen and his wife dress in their best and start for church.

It is a church of brick and stone. Glazed windows break early morning light into thousands of prysmatic crystals.

The minister takes his text—

"Even as you do unto others."

His sonorous voice rings out in full periods. The one time child of the slums in entranced.

A great organ peels its message of life and love—

The honest citizen and his wife walk forward.

They join the church.

No one knows he has been a thing of the streets and the cinderpath. That has been forgotten. But—

Many are brought to American churches each year who took their first upward step with the Salvation Army backing their effort.

House Indorses S. A. Campaign.

"Those of us who have been fortunate enough to see something of the work of the Salvation Army with the American troops have been made proud by the devotion and self-sacrifice of the workers connected with your organization. I congratulate you and through you your associates and I wish you the best of fortune in the continuance of your splendid work."
—E. M. House.

In the last year Salvation Army workers visited in prisons of America 10,824 hours. 43,345 men in cells were given personal advice and prayer was said with them. Attendance at prison meetings totalled 305,780 men and women.

WHEN BULL MEETS FORD

After Encounter Ford Rolls Over and Keeps Right On Going.

Just why a particular bull grazing on a hill in Santa Anna Canyon one day recently should entertain so sincere a dislike for a black Ford touring car is a mystery. He may have had gastritis or a bad liver, or he may have disliked all automobiles or all Fords.

Any way when the Harris family of San Pedro drove their Ford around the base of that side hill, Friend Bull snorted, slapped his tail at a fly, missed it, saw red, and for want of something better to do, decided to engage the Ford in combat. There was not much of a fight. After the Bull had turned the Ford upside down in the road, he was much better satisfied with himself and strolled into the shade of a nearby tree to view his handiwork.

The members of the Harris family had not been hurt seriously, so they mobilized forces rolled the Ford over onto its wheels, cranked it—and continued their journey.

FOR THE UPBUILDING OF CAMERON AND MILAM COUNTY.

VOLUME 42 — CAMERON, MILAM COUNTY, TEXAS, THURSDAY, OCTOBER 9, 1919. — NUMBER 23.

COMMERCIAL CLUB HAS BIG PLANS

Road Information Bureau Established—Club is Behind the Public School.

The regular directors meeting of the Cameron Commercial Club was held Friday night October 3, 1919. A roll call showed the following present:

Officers: Robt. McLane, president; W. W. Chambers, vice-president; L T. Lewis, treasurer; T. N. Herring, secretary.

Directors: John E. Mangum, J. W. Coleman, Geo. T. Graves, R. H. McIntosh, H. M. Hefley, T. S. Henderson, W. G. Gillis, J. D. Dobbins, Monta Thomas, F. S. Lesovsky, C. W. Lawrence, J. T. Parma.

The first matter to have attention by the new Board of riDecotrs by the new Board of Directors was the election of a secretary. W. G. Gillis placed in nomination the present secretary, T. N. Herring, and upon motion was re-elected by acclamation.

President McLane announced that he had appointed the standing committees for the ensuing six months and the following report was read by the secretary:

Finance:
T. F. Hardy, Chairman; A. N. Green and E. A. Flinn.

Transportation:
J. Garrison, Chairman; C. A. Sprott, and E. A. McAdams.

Civic Improvement:
J. D. Hefley, Sr., Chairman; Giles Avriett and J. W. Caleman.

Good Roads:
Giles Avriett, Chairman; Geo. T. Graves, J. D. Dobbins, and J. W. Coleman.

Publicity:
S. A. Cottle, Chairman; W. G. Gillis and T. N. Herring.

Membership and Entertainment:
Dr. Jim Watson, Chairman; R. H. McIntosh and W. G. Gillis.

Home Industry and Factory:
U. S. Hearrell, Chairman, Frank Lesovsky and R. A. Triggs.

It was thought advisable by the president to eliminate three committees from the list for the ensuing six months, as follows:

Free Delivery and Rural Route.
Agriculture and Immigration.
Convention and Accommodation.

The reason for this elimination is that matters coming under these heads are so few that other committees can handle same.

Upon motion of W .W. Chambers the report was adopted as read.

J .T. Parma brought up under the head of new business the matter of establishing in Cameron a road bureau. The plan to work in this manner: The bureau keep posted on the conditions of all roads leading out of Cameron to various parts of the State and when a tourist comes into Cameron be in position to tell him the condition of the roads and the best route to take to his destination. The bureau will also ascertain the condition of roads traversed by the party inuiring so as to be able to inform other tourists that are going in opposite directions.

This matter was discussed by a number of the directors and met with favor. W. G. Gillis carried a motion that a committee consisting of four be appointed by the president, consisting of garage men, to form this bureau and get organized as quickly as possible. The appointment by the president consisted of J. T. Parma, chairman; F. S. Lesovsky, H. M. Hefley and Perry Wilkerson.

The secretary proposed the names of Joe N. Luce and the Louis S. Pierce Dry Goods Company for membership and upon motion they were duly elected.

Prof. L. H. Kidd addressed the Club upon the needs of play equipment for the Cameron Public Schools. He gave an outline of what was necessary to keep the children healthy by playing and related that there were no funds available for the purchase of these articles which includes base ball, bats, tennis balls and nets, foot balls and the like; the amount being necessary for this equipment in the run of the year totaling around $25(Prof. Kidd also brought the matter of Jerseys and stockings for the High School foot ball team before the Club. He stated that those now available for use were four years old, had been handed down from term to term and that Cameron should be ashamed to send their foot ball team to neighboring towns in worn out uniforms. Prof. Kidd here related that he was not asking the Club to finance both of these necessities and said if they would guarantee the purchase of the sweaters and stockings, which would amount to about $125, he would arrange for the other funds.

This met hearty approval of the directors and a motion was carried by W. W. Chambers that the Club go on record as favoring the new equipment for the boys and authorizing Supt. Kidd to proceed and order same for the team.

Communications were read by the secretary including a letter from Popken and Splettstoeber, a cotton firm of Bremen, Gemany, to the Commercial Club urging that the Club draw the attention of local cotton firms to the fact that as hostilities had ceased they were prepared to resume trade relations and were prepared to take up shipments to that port. They advised they had the best connections to their local Cotton Importers and Continental Spinners.

The action in this matter was to instruct the secretary to turn the letter over to local cotton men.

S. A. Cottle who was recently returned to Cameron was in attendance and in response to a call for a speech said he was glad to get back to Cameron, that he was certainly proud to see the Commercial Club doing such good work and that he was ready to "get in line" and do his part.

NO GRENADE BANKS TO BE AWARDED

Publicity Chairman Receives Statement From Federal District Director Smith.

Relative to the contemplated distribution of Hand Grenades converted into Savings Banks, the following communication, received Wednesday by the County Publicity Chairman of the War Savings Division of Milam County from Frank M. Smith, Federal District Director of Dallas:

"The Secretary of War has cancelled contracts for the sale of Hand Grenades to the Treasury and has requested non-distribution of Grenade Banks. As the War Department has determined that the distribution of Hand Grenades as souvenirs shall not be made and has cancelled its arrangements for supplying Grenades to the Treasury Department to be manufactured into Grenade Savings Banks, the Treasury is unable to distribute the banks. In order, however, to recognize the efforts of persons in working and saving, each one who would have been entitled to a bank will receive a certificate of achievement from the Treasury in appreciation of his industry in saving and buying Government Securities."

"The receipt of this means that the Savings Division will not be allowed to supply Hand Grenade Savings Banks to the thousands of banks and merchants in the Eleventh Federal Reserve District, which ordered them for distribution as rewards to the children and adults saving and investing their money in United States Government War Savings Stamps and Registered Treasury Savings Certificates," Mr. Smith said.

"I am very keenly disappointed, as will be the bankers of the State and many thousands of persons who desire to become the possessors of one of these rare and unique war souvenirs," he said.

Certificates of Achievement, signed by the Secretary himself, will be forwarded to those who would have been entitled to receive a Hand Grenade Savings Bank.

—o-o—

Mr. and Mrs. W. F. Paden, recently of Corpus Christi, have decided to locate in Dallas. Mr. Paden will be with the Magnolia Petroleum Co., and left Cunday to begin work at once. Mrs. Paden will visit awhile with relatives in Cameron and join him later.

STATE'S SERVANTS ARE UNDERPAID

Houston Post Warns That Time Will Come When Government Will Be Demoralized.

The State's Poorly Paid Officials.

(Houston Post)

The resignation of Comptroller H. B. Terrell was dua to a very impelling cause. The salary of $2500 per annum was not sufficient to enable him to pay his living expenses.

Nearly all the State's public servants are underpaid, and this without regard to the present high cost of living .

Public salaries in Texas are inadequate upon any basis of fair computation, even when the cost of living was half or fourth of the present scale and when that half or fourth meant abundance, whereas now abundance is unknown.

It is not a very promising outlook for men who seek public honors in Texas. Where the people themselves must pass upon proposed increases through constitutional amendments, they consider the heavy taxes and say no, regardless of the necessities of the public service or the poor quality of talent that underpayment must ultimately attract.

It is customary, of ocurse, for us to urge that wages and salary increases at this time mean merely but a further addition to the already mounting cost of living, and this is true. Put the application of this contention is rather to classes or labor that have been increased from 50 to 200 per cent, rather than to public compensations that have never been increased or if increased, not sufficient approximately to overocme the privations which vaulting war prices have enforced.

In private employment, a man occupying a station of Mr. Terrell's responsibility and requiring his measure of ability would be considered underpaid at $10,000 a year. Yet he has devoted twenty of the best years of his life to the public and now leaves it well in middle life to face a serious breadwinning problem.

He is not exceptional. Those who have occupied the high station of governor of Texas have been sufferers from similar stinginess. But for his independent resources, the present governor of Texas would be seriously embarassed. His salary scarcely pays the help which a proper care of the alleged mansion compels him to employ, much less living expenses.

Some of his predecessor—Hubbard, Roberts, Ireland, Ross, Hogg, Sayers and Colquitt left office almost penniless, and in days when living expenses were scarcely a fourth of what they are today. Culberson, Lanham and Campbell got through, but the competency with which each entered the State's service was materially reduced before retirement. And they were not extravagant livers, either.

The miserly treatment of the trusted public servants of the State is not creditable to the people of Texas, and unless there is a change, the time will come when it will be a badly demoralized and inefficient government that the people will have, for men are not willing to starve for the paltry honor of serving a State that does not appreciate their services enough to pay them a living salary.

CORN CLUB BOYS OFF TO THE FAIR

County Agent Geo. Banzaf and Six Prize-Winners In Corn Show Left Monday.

Those boys in Milam county, who were not members of the corn club this year will doubtless be next year, when they know what the winners were awarded this time. It is mighty nice to get a week's trip to the State Fair of Texas and be in an encampment with several hundred boys from over the State without it costing you a cent, don't you think? Well, this is the reward to six of the members of the Milam county corn club this year and they, in company with Mr. Banzaf, left Monday on the Sap for the biggest encampment of boys ever held in Texas and the only expense is their railroad fare, they will spend the entire week in their encampment and have plenty of time to see the biggest fair that has ever been known in Texas.

The boys who went with the county agent are Welden Caldwell, Carl Sanders, Noble Curry, Wallace Moody, Jr., and Scott McGuire. When this party left Cameron Monday morning there never was a happier set of youngsters together.

Record of Yield.

The Herald gives below the yield per acre as reported by some of the members of the Milam county Boys' Corn Club this year:

Weldon, Black, Cameron, Route 2, 50 bushels.
Carl Gaugh, Buckholts, 65 bushels.
Paulie Helencamp, Buckholts, 50 bushels.
LaBertice Robinson, Cameron, Rt. 4, 45 bushels.
George Ryan, Rockdale, Route 4, 44 bushels.
George Penny, Camerpn, 65 bushels
Walter Hess, Milano, Route 1, 25 bushels.
Curtice Fisher, Milano, Route 1, 40 bushels.
William Hess, Milano, Route 1, 30 bushels.
Aleck Black, Gause, Route 2, 46 bushels.
Joe Kostrum, Cameron, Route 3, 50 bushels.
Welden Caldwell, Rockdale, Route 3, 60 bushels.
Allen Dodson, Burlington, 55½ bushels.
Henry Schwarting, Rosebud, Route 3, 54 bushels.
Frank Bayer, Rockdale, Route 3, 45 bushels.
Elbert Henry, Minerva, 46 bushels.
Orbie Currey, Rockdale, Route 3, 65 bushels.
Ottis Currey, Rockdale, Route 3, 65 bushels.
Joe Henry, Minerva, 60 bushels.
Norman Currey, Rockdale, Route 3, 65 bushels.
Luther Pickens, Rockdale, Route 3, 40 bushels.
O. J. Cunningham, Rockdale, Route 3, 50 bushels.
Frank Story, Cameron, 37 bushels.
Ray W. White, Gause, 35 bushels.
Will Harris, Cameron, 45 bushels.
Walter Harris, Cameron, 45 bushels
Preston Johnson, Cameron, Route 2 30 bushels.
Eugene Barmore, Cameron, Route 2, 40 bushels.
Jennings Arnold, Buckholts, 45 bushels.
Frank Richards, Buckholts, 50 bushels.
T. J. Howard, Cameron, Route 3, 50 bushels.
Scott McGuire, Maysfield, 55 bushels.
Lewis Hollan, Cameron, 60 bushels.
Charlie Hollan, Cameron, 55 bushels.
Curtis Britton, Rockdale, Route 4, 40 bushels.
H .B. Alexander, Milano, Route 1, 83 bushels.
Jack Wilson, San Gabriel, 46 bushels.
Average yield per acre, 48 3-4 bushels.

DR. THOMAS POPE CLAIMED BY DEATH

Pioneer Citizen Who Lived Life To Be Exemplified Dies at the Age of 72.

A pall of gloom was cast over the entire city last Monday morning when it was learned that Dr. Thomas A. Pope had passed away at his home Sunday night at 11:30 o'clock.

Dr. Pope came to Milam county in 1872, having lived in Cameron since 1885 and has a large circle of friends who are grieved over his passing.

He had reached the age of 72, a little more than man's allotted time on earth, and for several months has calmly awaited his summons. His entire family were with him at the last and their tender ministry was beautiful to behold.

Dr. Pope was a devoted husband, a kind and affectionate father and a friend to man.

One of the most touching incidents connected with his last illness was the frequent visits from his former patients who held him in loving remembrance because of his faithfulness to them in their hour of extremity.

Kindness and consideration for others characterized his life. Perhaps the last letter he ever wrote was written a few weeks before his death in behalf of a friend in need.

Thomas A. Pope was born in Macoupin county, Illinois, June 26, 1847. Most of his early life was spent in the school room as it was his father's supreme desire to educate his children. In the winter of 1862 he enlisted in the 46th Indiana Volunteer Infantry and served until the regiment was mustered out in September, 1865. After the close of the war, he spent two years in Madison University, New York. Passing from this institution, he taught school in Western Iowa until 1870, when he moved to Texas. In 1872 he was appointed Superintendent of Schools for Milam and Burleson counties and organized first free schools in these counties. In 1887, he graduated with honors from Louisville Medical College and later studied in St. Louis, Chicago, New York and London, England. In 1885 he located permanently in Cameron and began the practice of medicine.

That he was greatly trusted and his skill recognized was attested by the large practice which he enjoyed and held until compelled by ill health to give up active work.

Dr. Pope contributed many valuable papers to the medical journals and several of his suggestions have been incorporated into text books of medicine and thus are a permanent part of medical literature. He was, during his active years president of the Milam County Medical Association, the Brazos Valley Medical Association; was company surgeon for the Gulf, Colorado & Santa Fe railway, and the S. A. & A. P. railway and president of the State Association of Railway Surgeons. While not a politician, he had large influence with the voters of his country and in 1892 was a delegate to the National Republican Convention at Minneapolis. He was appointed Postmaster of Cameron by President McKinley and again by President Wm. P. Taft.

On Feb. 18, 1874 he was married to Miss Martha A. McCown, daughter of J. W. McCown, Jr., of Milam county. During their forty-five years of married life, she has been his devoted and faithful companion and helpmeet and a tower of strength on whom he leaned in his declining months.

Besides his wife, Dr. Pope leaves four children—Miss Susan Pope, Armine Pope of Cameron; Tull A. Pope Houston; Mrs. Alvah E. Pool of Big Springs; five grand children and two brothers, one of whom was at his bedside when the end came. As an evidence of love and a fine spirit of comradship which existed between him and his children, the following little poster, which has been hanging over the mantle in his library for several years, bears testimony:

To My Father

My dear old dad, I am so glad
That you and I are friends,
That us both like the same kind of joke
And take what the other sends,
And that one of us will make no fuss
About what the other spends.

The Funeral Service.

The funeral services were held at the family residence Tuesday morning at 10 o'clock, conducted by Rev. R. E. Roberts, pastor of the Christian church. A large number of friends gathered to pay tribute to his memory, and many beautiful floral offerings were laid before the casket. Interment was made in Oak Hill Cemetery on a lot which he had selected himself more than a year ago.

GUARD AGAINST THE INFLUENZA

State Health Officer Goddard Preparing to Combat Return of Epidemic.

The Herald is in receipt of the following letter from State Health Officer C. W. Goddard which indicates that health authorities fear a recurrence of influenza this winter. While the communication is directed particularly to physicians, it is well for the public to take note of the warning and preparations being made to combat the disease. Dr. Goddard's letter follows:

"In order that every possible contingency may be provided for in the event of a recurrence of influenza in epidemic form, I am now calling upon the medical profession for 100 volunteer physicians who are willing, in case the necessity arises, to serve as acting assistant surgeons of the United States Public Health Service, cooperating with the State Board of Health, at a salary of $200 per month, $4.00 per diam for subsistence, together with railroad fare.

It is the desire of the United States Public Health Service and the State Board of Health to enlist 100 physicians who are willing to go to any designated point in the State and do relief work during a possible epidemi relief work during a possible epidemic of influenza and without any charges for their services other than that above indicated.

Physicians desiring to enlist in this volunteer corps may do so by filing their applications in writing with me. All applications received will be duly recorded and given careful consideration in the order in which they are received."

Very truly yours,
C. W. GODDARD, M. D.
State Health Officer.

CHEVROLET DELIVERIES

The Chevrolet Motor Company report the following recent deliveries: E. L. Tucker, H. V. Harlan, Ernst Brod, Bob Viley, J. M. Ralston, Sam Law, Joe Middleton, Frank Pasival and Henry Duesek. The Chevrolet is a very popular car and is selling well in Milam county. This concern has some live representatives in W. B. Skelton and Bob Daugherty, as well as a good manager in E. A. Flinn, all of whom are wide awake to their interests.

—o-o—

LITTLE DEWEY CONE

The grim reaper has been in our midst this week and has gathered a heavy toll for his garner ,plucking alike the tender flower and the ripened grain.

Little Dewey Cone, age 2 years and five months, son of Mrs. Zelma Stedman Cone and grandson of Mr. and Mrs. J. D. Cone, died after a brief illness at the family home Sunday morning at 9 o'clock and was buried Monday morning in the Oak Hill cemetery by the side of his father, whose name he bore and who was one of the first victims of the intluenza epidemic last winter. His death occurring in Oklahoma. The sympathy of the entire community goes out to the bereaved young mother and the devoted grandparents.

—o-o—

J. S. Roberts of Crockett has arrived in Cameron and accepted a position as day clerk at the Auditorium Hotel. Mr. Roberts is an affable, pleasant gentleman, and will doubtless make lots of friends, not only with the traveling public, but with the citizens of Cameron.

SERVICE

AN OLD WORD WITH A NEW MEANING

Modern, Up-to-Date Store Service means more than simply the selling of goods; it stands for increased Efficiency; it is the Acme of Value-Giving and assures Satisfaction with every purchase.

SERVICE—in its fullest meaning—is a fixed part of our store covenant.

MILAM COUNTY HARDWARE CO.

Cameron, Texas
Successors to
TYSON-FREEMAN-HOLTZCLAW CO.

ALVIN YORK—MAN OF MIGHT.

The story of this mountain boy from Tennesseee has been told thruout the civilized world. In the Argonne Forest on October 8, 1918, using a rifle in his left hand and his repeating revolver in his right hand he killed twenty-five Germans, captured 132, including one major and three lieutenants, and silenced thirty-five machine guns, thus breaking up an entire enemy battalion which was preparing an attack on the Americans on Hill 233.

Alvin York is in civilization's limelight and well deserves to be. Every lover of liberty loves him for his magnificent courage and splendid achievement, but thousands of Alvin York's brothers and sisters are not in the limelight; they are hidden in coves and fastnesses of the mighty Southern Appalachian mountains. Some one says: "A nation within a nation—hidden and forgotten for one hundred years."

—o-o—

Silhouette motion pictures have been patented by an inventor who produces them by photographing actors dressed in black moving before a stage screen highly illuminated from the rear.

A CREED.

Let me be a little kinder,
Let me be a little blinder
To the faults of those about me,
Let me praise a little more;
Let me be, when weary,
Just a little bit more cheery,
Let me serve a little better,
Those I am striving for.

Let me be a little braver,
When temptations bid me waver,
Let me strive a little harder
To be all that I should be;
Let me be a little meeker
Let me think more of my neighbor
With the brother that is weaker,
And a little less of me.

Let me be a little sweeter,
Make my life a bit completer,
By doing what I should do
Every minute of the day;
Let me toil, without complaining,
Not a humble task disdaining,
Let me face the summons calmly
When death beckons me away.

AMERICAN LEGION NEWS
From American Legion Weekly

Another thing the war brought to the German army was a large number of desertions. Figures published in Germany shows that 100,000 officers and men fled from service.

The champion doughnut eater of the American Expeditionary Force, William J. Long, of Providence, Rhode Island, is back from France with the Croix de Cruller, the decoration which the other members of the Third Division presented to him when he shattered all records for doughnut consumption. Veracious witnesses of the feat declare that on last July 4th Long ate two hundred and forty-nine doughnuts in twenty-four hours.

William Hohenzollern finds it difficult to break old habits; he still deems it necessary to travel in considerable state. His baggage, which is being transported from Germany to Holland, fills five railroad cars.

The Old Army War College is extinct. In its place has risen the new General Staff College, with Major-General James W. McAndrew as first president.

Be patient if you do not get your back pay for a few years. William H. Sands, of Van Wert, Ohio, fought through the Civil War in the Ohio Heavy Artillery and was discharged with seven dollars owing him. He got it—in 1908, forty-three years after he left the army.

There is a bill now being considered by the House that would permit honorably discharged soldiers to purchase supplies from the commissary stores of the Army and Navy. Thousands will be trampled to death in the rush for Manchurian beans.

The oldest man living in this country is said to be John Shell, of Lexington, Ky., who the papers say, is 131 years old. He celebrated his last birthday by taking his first automobile ride and interviewing the press. The oldest of his twenty-nine children is over ninety years of age. He was married five years before the war of 1812 and was turned down for service in the civil War because he was too old.

Thirty-one German sea captains who disabled their interned ships in order that they would be useless to the allies, arrived in New York recently on the way from Havana to Germany. They found an unpleasant surprise waiting for them for they were interned on Ellis Island until their ship was ready to sail.

Lost—one D. S. C. citation. A member of Saginaw Post No. 22, Michigan found in Germany a citation to Corporal Donald D. Palmer, Company C, 107th Field Signal Batallion, signed by General Pershing. The citation is in safekeeping with the Saginaw Post until the owner reads this bulletin.

All organizations of women relatives of those who served in the war will amalgamate, if the proposition is adopted which will be proposed at the coming Baltimore conference of the War Mothers of America. This will be the second annual convention of the Mothers.

Seventeen Years the Favorite Grocer in Cameron

COMMERCIAL INDUSTRIES WILL BE PARALIZED IF YOU DON'T HELP

We are receiving daily phone calls, telegrams, and letters from business concerns from all over the country asking us to furnish them with Bookkeepers, Stenographers, Telegraph Operators, Cotton Classers. Our Employment Department has been worked to its capacity and then cannot meet the demand in spite of the fact we are graduating from one to a dozen students every day. The fact that business has been held under control for the past four years on account of the war, and large industries are from two to four years behind in their business, creates this unusual demand for our graduates. The salaries now being paid are almost double what they were before the war. Our Southern young men and women are fortunate because in addition to the enormous crops this year, the oil business in its many different stages has brought millions and millions of dollars from the North and East and it is being spent here, consequently, with this great incoming of wealth, comes many opportunities. Are you alive to the situation that stares you in the face today? Write us for more information on what you can do by entering our school.

We train our graduates to enter business with favorable conditions and send them to desirable places. In every business, there is "some one" who knows, and "some one" who has made a study of the job ahead of every department. Our graduates are the "some ones," because they have been trained in a practical and not in a theoretical way. They have been given an opportunity in school to strengthen and develop their ability.

Let us train you for business and place the prestige of our school behind you that you may soon find yourself succeeding better than you had even dreamed of. Fill in and mail for free catalogue.

THE METHODISTS

Every twelfth person you meet in the United States is a Methodist. So states the Advertising Department of "The Methodists."

If the Methodists computed their membership by inclusion of all members of the Methodist families, the method used by Roman Catholicism, they would number more than twenty millions. Five hundred and twenty thousand Methodist lads wore the uniform in the recent war.

The Methodists are not rich; they are not poor. They are rich and poor and middle class. They worship in magnificent temples and in frontier shacks.

One thing they have in common. Whenever you meet a Methodist, he is an American—unless he is something else. He is never a "blooming harumphodite," as Kipling termed the Marine. He is not a German-American or an Irish-American or an Italo-American. He is American—that's all. He doesn't believe in a soviet form of government nor does he advocate the general strike. In fact, the government that George Washington founded is good enough for him and he is in favor of changing it only by the processes which Washington and his fellows outlined.

That is why he is a prohibitionist, why he favors law and order under all circumstances, why he believes that the Bible should be read in the public schools and the Sabbath should not be fashioned after that of Continental Europe. The Presbyterians and Baptists and members of a score of other denominations are just like him.

They may not be civilized but they are Americans—and that's better.—Exchange.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS
Bears the Signature of
Chas. H. Fletcher.

In Use For Over 30 Years
The Kind You Have Always Bought
THE CENTAUR COMPANY, NEW YORK CITY.

KINDERGARTEN HELPS FOR PARENTS

INJUSTICE CAUSES POUTS

(By Elsie Underhill Eaton)

The Unbiased Observer was visiting the Heath family, in which there are three children—Max, who is 13; Gwen, 11, and Dolly, 4. The boy and the baby are generally easy to discipline, but there seems to be constant friction between Gwen and her mother, so much so that continual pouting bids fair to spoil what Nature intended to be a really beautiful little face. To the Unbiased Observer the fault appears to lie largely with the mother, and if the case were an unsual one, it would perhaps not be worthy of record; but similar misunderstandings so often exist between parent and child that the consideration of the following incidents may be of value:

Gwen is not a bad child, but her mother seems to expect disobedience from her, or, at least, a lack of cheerfulness. For example, Gwen had been sent to bed at 6 o'clock Sunday evening, ostensibly because she was sulky, really because her mother thought she was tired and needed extra rest The child was not given the real reason, however, and she went up stairs full of the rebellious feeling that a most unmerited punishment had been meted out to her.

Max, for his supper that evening, was given a large, fine banana, one of several whitch had been bought as a special treat. The next morning at breakfast two similar bananas were put at the places of the two older children. Gwen was particularly delighted, for she, of course, had had no banana the night before. She was smiling and happy when she took her place at the table, even though Max did announce triumphly that he had already had one.

Then Dolly, the baby, arrived and began to whimper because she had been forgotten in the distribution of fruit.

"Give Dolly half of yours, Gwen," said the mother.

Gwen's smiles faded.

"But, Mother," she said rather plaintively, "why can't Max give her some of his? He had one last night." (which would appear to be a logical and a decidedly reasonable question.)

The mother did not think so, however. "Give me your banana, Gwen," she demanded.

Gwen passed it over without a word, evidently having learned the futility of expecting justice from that quarter.

Her mother cut the fruit in half, gave one part to the baby and put the other on her own fruit plate where it remained untouched until it was removed to the pantry. Max, in the meanwhile, devoured his prize with gusto.

Gwen made no comment of any kind, but she ate the rest of her breakfast with small appetite, and with a face, wherein cukiness had replaced smiles, and with a very sore little heart she departed for school.

"Don't you think I did right?" asked the mother afterward of the Unbiased Observer, who didn't feel so very unbiased after all.

It was not time for polite camouflage.

"If you really want to know," came the reply, "I think you did entirely wrong. Gwen was quite logical in her question, and perfectly courteous. I should have thought she was lacking in intelligence if she hadn't objected."

The mother looked surprised.

"But she is so sulky about everything," she complained. "I want her to learn to mind cheerfully."

"She'll never do that," remarked the Observer, "while she feels such injustice in the 'powers that be.'"

"Do you think it was unjust to send her to bed last night?" the mother went on in a slightly injured tone.

The Unbiased Observer paused—but she had been asked for an opinion and she gave it.

"What heavier punishment could you possibly inflict if she is ever really bad?" she asked. "Social ostracism—just because she looked cross! What would happen if our sins were punished in the same ratio?"

And now the Observer wonders if she will ever be invited to make another visit!

Help to reach all the parents of the country by cutting this out and passing it on to a friend.

—o-o—

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

BAYER

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper direction and doseage in each Bayer Package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicysacid.

HINTS TO THE CAR OWNER

Remove grease, oil and acids from your tires at once by using a cloth moistened in gasoline.

Become thoroughly familiar with your local traffic regulations and follow them to the letter.

Don't drive fast around corners; it is dangerous and destructive especially to tires.

Prevent blowouts by avoiding severe jolts and maintaining full air pressure.

"Non-slipping pnenumatic tires" for automobiles were brought out in 1900.

Don't attempt to shift the gears out first releasing the clutch.

Use French talc in the casing, but avoid using too much.

Remember the A. B. C.'s of motoring—Always Be Careful.

Examine rims occasionally for irregularities and rust.

Don't attempt to run the car on the electric starter.

Car owners should be reminded that shellac is not satisfactory for painting rims, it peels off too quickly Graphite paint is better for this purpose and even ordinary paint is to be preferred to shellac.

A porcelain plug is held in position by a retaining nut, which is packed with asbestos afone. If a leak develops at this point, it is due to loose packing and the retaining nut should be tightened up, but not to excess as this is liable to crack the porcelain.

An admirable idea in the arrangement of tools in the home garage is to give each tool a number, which is painted on it. The same number is painted on the walls or racks in the place where the tool belongs. In this way it is a simple matter to return each tool to its proper place so that it is ready when it is next needed.

—o-o—

BRINGS WONDERFUL PRESCRIPTION TO ALL ECZEMA SUFFFERERS.

Zemerine, the latest scientific prescription for the treatment of eczema, itch, and similar skin diseases, is now sold in leading drug stores. Until recently it was the guarded formula of a great physician, and men have paid a higher price for the treatment, but now it is within the reach of every sufferer.

It's time to say good-bye to inflamed and burning skin. Farewell to irritating and unpleasant sores, splotches, and blots which mar your face and make you uncomfortable. Zemmerine can give you relief at it has others. Give it a trial under our guarantee, your money back if it fails to benefit you.

Simple directions accompany each bottle. Sold in two sizes, 50 cents and $1. Start today and learn what relief means. If your druggist can't supply you, the Zemerine Chemical Co., Orangeburg, S. C., will send you a bottle prepaid upon receipt of the price.

CALOMEL

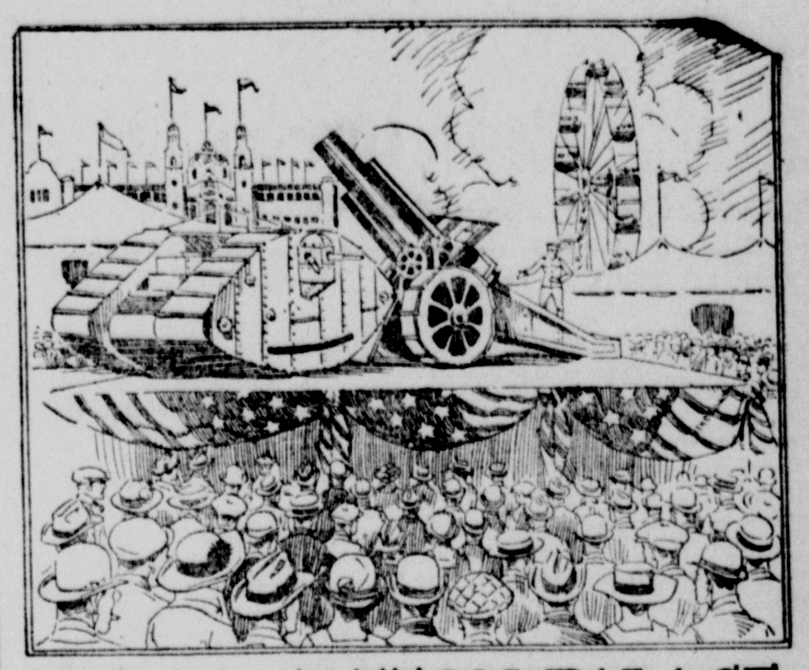

Calomel is a dangerous drug. It is mercury—quicksilver; and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take "Dodson's Liver Tone" Instead!

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

THE CAMERON HERALD

Published Every Thursday by THE TERRELL PUBLISHING COMPANY

Entered in the Post Office at Cameron, Texas, as mail-matter of the second class, under an Act passed by Congress March 3rd, 1879.

Subscription Per Year $1.50
Payable in Advance.

Subscribers are requested to keep up with the date set opposite their name. The Postal Laws will not allow us to send your paper after your subscription expires, and all papers will be discontinued at the expiration of time paid to.

Thomas N. Herring, Manager

Cameron, Texas, October 9, 1919

Have you done your duty towards cleaning up the city to prevent an influenza epidemic?

The past is gone, the future is uncertain. Let's be sure that we make good use of the present.

We would like to organize a club on weekly payment plan to buy a turkey. Thanksgiving is not far off.

Is your name on the list of donors to the Corpus Christi sufferers? If not, why not put it there now?

A hearty welcome and a good sermon awaits you at the church of your choice next Sunday. Be there on time.

The high cost of living might be traced to the high cost of loafing for some who are continually fussing about the former.

Get in line and boost Cameron. We have the best town and the fastest growing town in Texas. Are you riding in the band wagon with the boosters?

It is said that George Washington sit for hours without saying a word. If there is anything in signs we sit at home lots of times for hours and never get to say a word.

You can buy just as many postage stamps for a dollar as you used to could. They will carry your letter just as far. There are some bright spots left in life after all.

Ardmore citizens asked Senator Reed not to come there to make a speech against the League of Nations. He told them he was from Missouri and they showed him.

We don't have to take Charley Terry's word for the assertion that his Porto Rico Yams are a real luxury. He has already demonstrated the fact to us.

Editor Warrock of the Rosebud News never fails to stand up for his home merchants and boost their business, and he backs up his argument with advertising from Rosebud merchants exclusively. The News is one of the neatest papers that come to the Herald's exchange table.

The Cameron Herald is one of the best printed and newsiest papers that comes to our desk.—McKinney Examiner-Review.

Thanks Mr. Tompson, and we believe from the high-class paper you publish and the length of time you have been in the service, you are capable of judging.

THE COMMERCIAL CLUB

The Cameron Commercial Club, though only eighteen months old, is one of the widest known organizations in Texas, being a member of the Texas commercial executives association. Representatives from this club have attended every state good roads meeting of import held in the state since the big movement has started. The club has been instrumental, by districting territory, to vote nearly a million dollars worth of road bonds in the county, and they are all sold and work ready to begin. The Cameron commercial club was instrumental in getting the Sap highway designated from Waco to Giddings, the meeting for this organization being held in this city, there is also $125,000 state and federal aid granted for this road.

Representatives from the club here have been successful in having designated two connecting state highways through Milam cohnty, roads that connect the Dallas-San Antonio road with the Waco-Houston road and $45,000 state and federal have been procured for same.

Free city delivery and a better mail service in general have been secured by the club. Not a single time did Cameron and Milam county fail to raise her quota in war work drives the committees for the section of the county being appointed by the commercial club.

When the commercial clut was organized in March, 1918, there were a number of vacant business houses in the city, and a larger number of vacant residences, now there are a number of business enterprises wanting to locate here but there is not a building available. In the residence district houses are at a premium. In several cases two or three families are living in the same house. Real estate is higher than ever known and deals in town property for the past six months have totaled more than in the past three years. Everything is commanding a higher price and the merchants report the best business in their history.

H .B. TERRELL RESIGNS

The Mirror was surprised on picking up the paper the other morning and reading that Comptroller H. B. Terrell had resigned. Of course we knew that the meager salary of the office was not sufficient for a man of his great ability, still we had no intimation of the fact that he intended giving it up. The great increase in the cost of living has forced many valuable officials all over the countty to go back into private life. This has been the case all along the line even up to cabinet oficers.

But Mr. Terrell has large newspaper interests over Texas, and he will perhaps find it more profitable to devote his time and attention to the same. We do not know, however, what his plans are. He was one of the most competent state officials we have ever had and perhaps at the time of his resignation he had more friends than any of the balance of them. He had performed his duties in such a fair and impartial manner that all classes and all factions liked him, and fortunately he never had to go thru any of the bitter fights that most of them have had to go thru. He is competent, affable and all that goes to make up a splendid servant of the people. We regret the retirement of such men from public life. But maybe Mr. Terrell will not stay retired; he might be called back in a higher capacity.—Temple Mirror.

If it's in The Herald, it is news.

MRS ELLEN MORRISON

Mrs. Ellen Morrison, age 92 years, 10 months and five days, died at the home of Mr. and Mrs. Albert Lankford last Sunday night, Oct. 5th at 10 o'clock.

Mrs. Morrison was the wife of Rev. George Newton Morrison, deceased, a Cumberland Presbyterian minister and a great aunt by marriage of Mrs. Lankford and W. M. Morrison of this city and Messrs. Will, Levi and Ben Massey of this county.

Mrs. Morrison was born in Tennessee, November 30, 1826, married in Tennessee and came to Texas with her husband in 1866 and labored with him in his work as under-shepherd over various flocks throughout the State until his death in 1887.

About fourteen years ago, Mrs. Morrison was crippled by a fall and since that time has been an invalid, confined to bed and unable to walk.

In spite of her affliction her cheerful disposition and unwavering faith have kept her swect and uncomplaining through her long years of suffering and her fortitude and Christian courage were an inspiration to all who knew her.

About two years ago she came to Cameron to make her home with Mr. and Mrs. Lankford who have ministered to her comfort with loving hands and hearts. She was a member of the Presbyterian church of this city and has enjoyed sweet and comforting fellowship with her pastor, Rev. H. R. McFadyen.

Funeral services were conducted in Cameron last Monday at 12:30 p m. by Rev. H. R. McFadyen, assisted by Rev. J. E. Copeland of Rockdale who many years ago was ordained to the work of the Christian ministry in this State by a Presbytery of which Rev. Geo. Newton Morrison was a member, and who took part in the ordination service.

The remains were conveyed to Crawford where they were met by a large company of old friends and former parishioners and tenderly laid to rest by the side of her husband, who had preceded her many years ago.

1920 MODEL MAXWELL WINS BELL COUNTY PRIZE

D. H .Rubsan, manager of Tenison, Bair & Frey company, local representatives of the Maxwell Automobile Company, is very much pleased with the showing this car made at the Bell County Fair last week.

The 1920 Model Maxwell won first prize and was awarded the Blue Ribbon for being the best all round car for the money on exhibition in the Automobile department.

The judges arrived at their decision from the point of cost, its beautiful full streamline body, its easy riding qualities and economy in running, the little car making an average of better than twenty-five miles on a gallon of gasoline and going four hundred miles on a quart of lubricating oil.—Waco News-Tribune.

J. H. Gandy is distributor in Milam county for the Maxwell, and is very proud of the above achievement.

A PLEASANT SURPRISE

Mrs. W. O. Triggs, who goes about doing good, extended a loving little courtesy to her mother, Mrs. Ida Avriett, last Thursday evening in honor of the anniversary of her natal day.

The affair was arranged as a pleasant suprise for the mother, who had been invited in a most ordinary way to take tea with her daughter.

Upon her arrival at the home, Mrs. Avriett found the house most tastefully decorated throughout and all of her children and grandchildren gathered to greet her.

Before being ushered into the dining room where a tempting chicken dinner was served, Master Giles Avriett and little Miss Frances McDermott deposited a basket at their grandmother's feet which contained the gifts from the family.

Those enjoying this occasion were: Mr. and Mrs. W. O. Triggs, host and hostess; Mrs. Ida Avriett, honoree; Mr. and Mrs. William Rogers and children, Mr. and Mrs. Chas. McDermott and daughter, Miss Myrtle Avriett, Mr. and Mrs. Giles Avriett and children.

Removal Notice.

I have moved my harness store and shop on Houston Avenue to the building back of the Cameron State Bank.

FORTY-TWO CLUB

The Forty-Two Club had its initial meeting of the year last Thursday afternoon with Miss Clara Thomas as hostess .

Vases and baskets of beautiful pink and white roses formed a lovely setting for four tables of this ever popular game. The tally card further emphasized the favored flower and color, as they depicted dainty pink roses. Pink baskets, containing homemade candies, were placed on each table, and these added much to the enjoyment and interest of the game.

Victrola music was furnished during the afternoon. At the conclusion of the games the following delicious two-course luncheon was served:

Olives
Fruit salad Crackers
Ice Tea
Strawberry Cream—Angel Food Cake

The guests of the afternoon were: Misses Ruth Henderson, and Estelle Coleman; Mesdames Giles Avriett, Charlie McDermott and Vernon McIntyre of Marathon.

Partly intended as an advertising novelty, a mehcanical calculator has been invented for figuring the cost of any ordinary quantity of gasoline at any price.

Give The Boy a Chance

Open an account for him in his own name; teach him to be systematic in his business affairs. The knowledge he will acquire now will relieve him of a great deal of embarassment later in life.

Do not let it be said that his parents did not teach him when he was young.

We shall be glad to furnish him with a bank book and check book free.

Next to the Bible, a bank book, is the second book in importance.

Let us teach him that fact.

Cameron State Bank

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receiv , similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. —— had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

RUST ON ROSES

"There are two very prevalent causes of rose trouble this season," says M. E. Hays, Horticulturist, Extension Service, A. & M. College of Texas. "One trouble is mildew, which is controlled by dusting plants with sulphur in early season. The other trouble which has been very prevalent this season is due to chlorosis or lack of development of green coloring matter in the leaves. This is a physiological condition, and unfortunately there is no remedy that can be applied externally. It is due either to an excessive amount of moisture or a lack of moisture. We have this condition when we have excessive rain fall and when the rainfall is very light. It is worse on heavy soil than it is on light sandy soil. I would suggest that in planting roses in the future, unless you have sandy soil, that you incorporate sand in the soil at the time of planting.

—o-o—

Italian scientists have found that a species of the genista plant, vast quantities of which are available, yields a fiber stronger than hemp and almost as fine as flax for textiles and rope.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without coreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

SOMETHING FOR PASTIME

A flashily dressed young man entered a large office and enquired of the busy boss: "Have you an opening for a bright young man?"

"Yes," replied the boss, "and don't slam it as you go out."

Guest—"I would have been here sooner ,but I had the misfortune to puncture a tire on a broken bottle."

Host—"But couldn't you see the bottle?"

Guest—"Well, hardly; you see it was in the pocket of the fellow I ran over."—Life.

Lady—"I would like to see a waist that would fit me, please."

Clerk—"So would I lady."

At a Minneapolis club a discussion of the Bible came up. One man claimed he could not become interested in the Bible, although he was not an infidel. His friend suggested that inasmuch as he was going to Europe and would spend two weeks on the water, he read the Bible through.

When he returned, his friend asked him if he had read the Bible. He answered that he had, and had liked it, except for one thing: "You devote 234 pages to St. Paul and never say a word about Minneapolis, confound it."

She: "Truly, am I the first girl you ever kissed?"

He: "You are darling; and it makes me happy to hear you say I am the first man that ever kissed you."

She: "If I am the first, how does it happen you do it so expertly?"

He: "And if I am the first, how do you know whether I do it expertly or not?"—Asyouwere.

"Heels together! Stand up straight and button that blouse! Don't you know enough to salute an officer yet?" Demanded the C. O. of the new sentry.

"Nope. Just got here yesterday and ain't much acquainted yet."

"Well," replied the C. O., taken aback, "I am the Colonel of the Regiment and the commanding officer of this post."

"Good job, old man. Hang on to it," replied the rookie.

How would you like to hear your children crying for bread?" asked the presiding elder, who was endeavoring to raise a fund for the impecunious Armenians.

"I reckon it would be a pleasant change," replied Gap Johnson of Rumpus Ridge, Ark. "They are always bellerin' for terbacker now."—Kansas City Star.

"Say Joe, the other day I saw sixteen men under one umbrella, and not one of the got wet."

"Gosh! How was that?"

"It wasn't raining."

Beat Him to It.

Mr. Gotcoin—Now, Willie, when our sister comes down and is comfortably seated on the couch with me, I want you to tiptoe in softly and turn the gas low; will you?

Willie—You're too late. Sister told me to come in and turn it out.

Getting Him Right.

Nervous Gentleman (from the—country)—Oh ,a little lamb and some potato.

Brisk Waiter (shouting up the restaurant)—One lamb, one potato.

Nervous Gentleman—Waiter, waiter, a little less lamb, please, and—and a little more potato.

Hard Words.

Sapleigh—I hope, Miss Smarte, I am not taking up too much of your valuable time.

Miss Smarte.—Oh, I assure you, Mr. Sapleigh, that the time I spend with you is of no value whatever.

Located.

Absented Minded Professor—Margaret, please take that cat out of the room. I can not have it making such a noise while I am at work. Where is it?

Servant—Why, sir, you are sitting on it.

Repartee.

Bootblack—Shine sir?

Ugly Gentleman—No, thanks.

Bootblack—Shine yer boots so's yer can see yer face in 'em, sir.

Ugly Gentleman—No, thanks.

Bootblack—Coward!—Pearson's.

No Danger.

The partners of a well known Stock Exchange House were having a dinner conference at an uptown hotel. One of them appeared worried during the progress of the meal, and finally he was questioned as to the cause of his fit of abstraction.

"I just happened to remember, that I neglected to lock the safe before I left the office," he replied.

"Why worry?" said another member of the firm. "We are all here."—London Ideas.

—o-o—

HERE'S PROOF

A Cameron Citizen Tells of His Experience.

You have a right to doubt statements of people living far away but can you doubt Cameron endorsement? Read it:

J. A. Phelps, contractor and mason, Cameron, says: "About three years ago, I strained by back from lifting I caught cold and it settled in my loins and in the small of my back. I took different medicines but my back got worse until I had to leave my work. My back was so lame that when I stooped over I could hardly straighten up. While in that condition, my attention was called to a statement in the local paper of someone who had recommended Doan's Kidney Pills. I sent for a box of Doan's and was convinced that I had at last found just what I needed. I took, perhaps, two boxes altogether and I was cured of the attack. Doan's Kidney Pills have proven to me that they do all that is claimed for them."

LITTELL'S

LIQUID SULPHUR COMPOUND

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA —the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

It Cost Just 20 Cents More To Produce the Big One than it did the Runt

THE BIG ONE WAS FED

AVALON FARMS HOG-TONE

—The Liquid Hog Conditioner, Fattener and Worm Remover—

—THE RUNT WASN'T

THEY both started life at the same time and weight. They were given the same feed under the same conditions - with one exception. The big one got his regular dose of AVALON FARMS HOG-TONE—the Liquid Hog Tonic, Conditioner and Fattener—and the runt didn't.

The big one is the kind that tops markets and brings big profits to the pockets of the hog raiser. The runt cost more to raise than he will ever bring in the market. And the difference was brought about by 20 cents worth of AVALON FARMS HOG-TONE. HOG-TONE puts new life into hogs—makes them eat more and grow fat at an amazing rate. It helps them to combat disease and eliminate the worms that are the hog raiser's greatest enemy to profits. Splendid for pregnant sows—helps to produce healthier, stronger pigs. Come in the store—tell us the number of your herd—and we will give you enough HOG-TONE to treat all your hogs 60 days. You don't give us a penny . If the results of the HOG-TONE treatment fail to satisfy you, it will cost you nothing.

HIGHEST QUALITY AWARDS

HIGH PRICES FOR FARM PRODUCTS MEANS PROSPERITY FOR ALL CLASSES

It might we well for those who are complaining so much of the high cost of living to ask themselves if they are not now in better condition than when farm products were selling at half the price and farm laborers were receiving 75 cents to $1 a day. The wages of the laborers in the city have increased more than the prices of farm products, the profits of the manufacturers and merchants have been larger actually and relatively than those of the farmers, and their net profits, notwithstanding the high cost of living, are larger than when the farmers of the county were selling their products at starvation prices.

The city merchant, professional man or laborer, who wants a return to low prices of farm products of ten years ago not only has a short memeory but he is blind to the most simple facts which affect and control his prosperity. The country can never be prosperous as a whole while one-third the population who produce the food supplies and largely the wealth of the country are not prosperous or not receiving fair wages, compared with the rest of the population, for their labor. —Progressive Farmer.

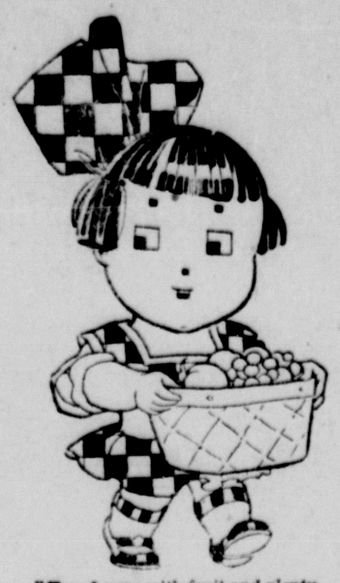

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softner, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

PAINTING IS ECONOMY

The unpainted farm home, tenant house, or barn not only looks bad, but in a very few years the loss from decay will more than pay for an application of paint. The building that is kept well painted practically never rots, while the life of the unpainted building is short. Rot works more slowly, but none the less surely, than fire. Paint, in preventing this loss, is an excellent form of insurance, and very economical insurance at that.

The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W. GROVE'S signature on box. 30c.

Statement of the Ownership, Management, Circulation, Etc., Required by the Act of Congress of August 24, 1912.

Of the Cameron Herald published weekly at Cameron, Texas, for Oct. 1st, 1919.

State of Texas, County of Milam, ss.

Before me, a notary Public, in and for the State and county aforesaid personally appeared T. N. Herring, who, having been duly sworn according to law, deposes and says that he is the editor of the Cameron Herald and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443 Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor and business managers are:

Publisher, The Terrell Publishing Company, Austin, Texas. Editor, T. N. Herring, Cameron, Texas. T. N. Herring, Managing Editor, T. N. Herring, Business Manager, Cameron, Texas.

2. That the owners are as per list hereto attached and marked "Exhibit A."

A list of Stockholders of the Terrell Publishing Company: H. B. Terrell, D. A. Gregg, George W. Littlefield, Aylita Terrell, W. M. Woodall, R. B. Humphrey and E. J. Martin, of Austin, Texas; J. R. Schiller, C. P. Zapalac, H. V. Aderhold, C. H. Pinnell, E. O. Keeton, T. B. Perry, Lelia Perry Dr. J. S. Zvesper, F. L. Willenberg, Claude Miller, A. and A. R. Nemesek, J. R. Polasek, Paul Scrabaek, Frank Marek, D. T. James, August Morris, John Vasicek, T. S. Hruska, J. A. West, J. P. Kennedy, Tom Motis, Preston Ivy, Eula Hurlock, and Chas. Holosek, of West Texas; F. A. Black, F. C. Mondrik, W. W. Chambers, Frank Young, Allen Hooks, C. P. McGregor, A. W. Taber, Bob Lyles, J. R. Young, Adeline Caldwell and A. V. Smith, Cameron, Texas: M. Henson of Ben Arnold, Texas; L. H. Posey, and Ben Strum of San Antonio, Texas; W. A. Wilkerson, of Waco, Texas; Gus Newton, W. C. Phillips, C. C. Rouse, G. S. Summerlin, Will Wuensche, D. M. Jackson, J. L. Adams, H. G. Martin, Im. Rudi, J. J. Elliott, G. A. Williamson, John Davis, M. E. Fisher and E. L. Laurence of Thorndale, Texas; Captain Charles Schreiner, W. R. Schreiner, L. A. Schreiner, E. Schweethelm, Will Boeckmann, George Morris, Mack Weston, J. L. Pampell, and J. M. Hamilton of Kerrville, Texas.

3. That the known bondholders mortgages, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: None.

T. N. Herring.

Sworn to and subscribed before me this 4th day of October, 1919.

(Seal) J. L. Clinton.
Notary Public in and for Milam county, Texas.

DIVERSIFIED FARMING

The cotton leaf worm may worry the diversifying farmer, but it cannot break him. The leaf worm does not flourish on standard-bred chickens, pure-bred livestock pasturage, silage, or the legumes, and the farmers in Texas who have listened to the county agents representing the Extension Service, as well as the Editors of The Progresive Farmer regarding the introduction of pure-bred livestock and diversified farming, are wearing a smile this year which must be irritating to the all- cotton or one-crop farmer.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

Satisfied Customers-

Means that those who come back to us again to buy after they've made their first purchase at our store always receive satisfactory service.

They know that whatever we sell them is thoroughly reliable.

They know that we do not ask more than a fair profit on our sales.

They know that they can rely on our advice—Truth is our standby.

They know that carefulness, honesty, courtesy, cleanliness and promptness characterize us.

OAKVILLE SCHOOL DISTRICT.

STATE OF TEXAS)
County of Milam)

Notice is hereby given that an election will be held on the 10th day of October, A. D., 1919, at Oakville, (white) school house in Common School District number 32 of this County as established by order of the County Board of Trustees of date the 7th day of April, 1919, which is recorded in Book 1, Page 44 of the book designated "Record of School Districts," to determine whether a majority of the legally qualified property tax-paying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of $3,000 the bonds to be of the denomination of $150 each, numbered consectively from one to twenty, both inclusive, payable serially in twenty years from date and bearing five per cent interest per annum, payable annually on April 10th of each year to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material and purchasing a site therefor within said district, and to determine whether the Commissioners Court of this County shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified votors of this State and County and who are resident property tax payers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge of this County by order made on the 16th day of September, 1919, and this notice is given in pursuance of said order.

Dated the 16th day of September, 1919.

L. L. BLAYLOCK,
Sheriff, Milam County, Texas.

CITATION

THE STATE OF TEXAS)
County of Milam)
To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to summon Andrew Williams by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 20th judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said Milam County, to appear at the next regular term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 10th day of November, 1919, the same being the 2nd Monday in November, 1919 then and there to answer to a petition filed in said court on the 24th day of November, 1919, in a suit, numbered on the docket of said court No. 8017, wherein Mollie Williams is plaintiff and Andrew Williams is defendant. This suit is for divorce upon the ground of more than three years abandonment of plaintiff by the defendant with intention of permanent abandonment commencing in October 1915, plaintiff praying for dissolution of the bonds of matrimony existing between her and defendant and for costs of suit and general and special relief, etc.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon showing how you have executed the same.

Witness: PENN WOLF,
Clerk of the District Court.
Milam County, Texas.
Given under my hand and the seal of said court, in Cameron, this the 24th day of September, A. D. 1919.

PENN WOLF,
Clerk of the District Court,
21-4t-24 Milam County, Texas
